

New Shipment Creation Status Update

About: Shipwell is enhancing the New Shipment Creation page to offer a better user experience, making it faster and easier for users to create shipments. Since this page is a key part of our platform, we understand its importance to our users. During the transition, both the current and new Shipment Creation pages will be available. Users can seamlessly switch between the two with a single click in the upper-right corner of the page.

New Shipment Creation Page Updates:

Next upcoming items:

- Financial card with currency of record and bill-to information
- Leverage shipment templates ^

December 5, 2024

- Base new Shipment Creation page for all modes except Parcel

Coming Soon:

- Apply contracts
- Apply financial line item selection
- Apply markups
- View pricing intel
- Carrier tendering actions of assign, tender, get quotes, and routing guides

[^] Only being implemented in the New Shipment Creation page
