

Woolwich Intramural Soccer Program (Grades 6-8)

There was no one more sad than myself when we made the decision to cancel our fall soccer season within the Bus Line League. It was a difficult decision, but ultimately our league felt like it was going to be impossible to pull off within the guidelines.

With that being said, I am very excited to be offering an intramural soccer program for our middle school students here in Woolwich. This will be done within the guidelines and offer our students an opportunity to improve their soccer skills and overall conditioning.

We will be following the PE guidelines for this program which means we will be strictly doing drills and conditioning. Students will be kept 14 feet apart when not wearing a mask and may have a mask on for drills that require them to be within 6 feet. There would be some creative games and competitions within the guidelines as well.

These afterschool sessions will take place on the days that your children are in session. For example, if your child is here on Mondays and Thursdays, then they would stay afterschool on those days. They would not come to a session on their off days. We would like to get this off the ground and running on the week of October 5th. This would run through the month of October and end October 30th. The sessions would run until 4:30 in the evening. Transportation must be provided by the family of the participating child.

If you would like your child to participate, please fill out the bottom of this sheet and return to Mr. Hutchings.

I, _____ give my son/daughter _____ permission to participate in the intramural soccer program at Woolwich. I understand that my child will be staying after school to participate on the days that they are in school for the month of October. I also understand that my child will need to be picked up by 4:30 on those days. I will text you at the number below if a session is cancelled due to weather or any other reason.
