## RULES TO READ PRIOR TO REQUESTING!

**Prices are subject to change based on the specific request, and ANY request may be denied depending on content.**

## Payment Rules

**Payment will be accepted with 50% upfront & 50% following completion.**
**If a request is made during creation that is denied, and you do not want the piece completed without it, you will be refunded 50% of the upfront payment.**

**Once the piece is complete and accepted, the work will be sent without a watermark AFTER the final payment is made.**

## Rules/Expectations

**I will send frequent progress pictures, feel free to critique or recommend changes at these times. PLEASE do not wait until the piece is completed to request changes that could be done more easily at these progress checks.**
**If you want to make requests during the creation process that would change the cost of the commission overall, the work will be paused until the 50% upfront payment amount is rectified.**
