Summary

An offer for a musical has arrived for THE Kogadou and **Altessimo**.

The musical revolves around an assassination organization known as a death god. For that, both units begin special training that uses battling with guns as well as close-proximity combat.

THE Kogadou, whose specialty is in action, get fired up about showing their leveled up movements to the audience.

Among that, Michiru gets especially invested in acting as his role as a skilled assassin, so he asks Takeru and Ren for guidance on how to remember various fighting techniques. On the other hand, the two in Altessimo are in dire straits when it comes to the action that makes use of guns, so they focus on using THE Kogadou's advice to them for practice.

They will put an end to the targets they aim for, without a doubt...
With breathtaking action and beautiful singing voices, let's grab the hearts of the audience with surprise!

THE Kogadou and Altessimo were set to be in a musical making use of gun action! They acted out the battles of assassins sometimes coolly, sometimes intensely, didn't they!

Event Story

Chapter 1

	<p>The job this time will be performing in a musical with THE Kogadou... We've already had experience with "Guardians of Sanctuary" when it comes to musicals.</p> <p>Allow us to handle this time as well. Let's do our best, Tsuzuki-san.</p>
	<p>Yes, let's. I'm glad we can sing onstage. I'm looking forward to it.</p> <p>...Huh...? It's a musical that requires action?</p> <p>So that means... we'll have to move around a lot.</p> <p>Plus, it'll be done onstage... in front of the audience... I wonder if it'll be okay?</p>

	<p>I'm unused to it as well, but I've become slightly more accustomed to action...</p> <p>Though it may be only a little, I'll help you out. Let's make this a certain success!</p>
	<p>You're right... I'll try to do everything I can.</p>

[*[Guardians of Sanctuary](#) reference is made in this chapter.]

Chapter 2

	<p>We're going to be practicing staged battles for a while, starting today. Hey, you two. Make sure not to get hurt, not even a little, okay?</p>
	<p>Hmph, like hell I'd get hurt. Injuries RUN at the sight of my awesome self! Foundations are damn annoyin'. Gimme more intense actions to do!</p>
	<p>The basics are important. Take it seriously.</p>
	<p>What Takeru just said is crucial, but I get what Ren wants to say too. Due to our experience up until now, we've gotten used to action. Given that experience, let's show the fans some even more leveled-up movements!</p> <p>...Huh? That's...</p>

	<p>It looks like Kei-san and Rei-san are struggling with the gun action.</p>
	<p>We did gun action for “Cybernetics Wars” already... So, yeah! Let’s go help them out!</p>

[*[Cybernetics Wars](#) is also referenced in Takeru’s event magazine.]

Chapter 3

	<p>You put the index finger here... and your arm should be... like this, yes. It’s best if you remember it slowly, little by little.</p>
	<p>I’m coming to understand it a little more. Thank you. The way you teach is easy to understand.</p>
	<p>It’s also important to keep in mind that when you fire, you’ll encounter recoil. Can you handle it?</p>
	<p>It sounds hard... but I won’t give up. I’ll definitely acquire this skill.</p>

That's the spirit! You're ambitious and aim higher, so there's merit in teaching you.
Hey, Ren! Do you have any advice for these two?

HAH? Why do I gotta do this sorta thing?

This is to make it a successful performance. Please do help us.

...Tch... So fine, startin' now, you're my disciple. I'll work you real thoroughly!

If that's necessary, I don't mind. I'll be in your care.

...All right, we're done for today! You've gotten better, little by little. That's a good pace!

	<p>I'm thankful for your guidance. I must do self-practice focusing on the important points I was told about today...!</p>
---	--

Chapter 4

	<p>...Oof...Whoop... HAAH!</p>
	<p>Good work with your personal practice, Enjouji-san.</p>
	<p>Huh? Takeru... plus, Ren. Sorry, I didn't notice you. Since when have you been there?</p>
	<p>Kuhaha! LAME! You're one freakin' lame-ass, you got so many openings that you can't even notice me from somethin' like that?</p>
	<p>Haha, I guess you're right. I'm miles away from being an assassin if I'm at this level. Aah, I have an idea. Takeru, Ren. If it's all right with you, could you teach me boxing and martial arts? The role I'm acting this time is an extremely skilled assassin. I want to memorize various fighting styles and make use of them in my action. Is that fine?</p>

	<p>Of course. I also want you to teach me your special techniques.</p>
	<p>Kuhaha! So that means you'll be one of my disciples too, ramen dude!</p>
	<p>Hahaha, I guess that's the case. I'll be in your care, coaches!</p>

Chapter 5

	<p>Be aware of how I breathe... HAAH! Although I've memorized the movements, I lack force behind it. What do I do...</p>
	<p>...So this is where you were, Rei-san.</p>
	<p>Tsuzuki-san! How did you know I was here?</p>

	<p>...? I didn't really know.</p> <p>I was walking to put on some physical strength, and I saw you by chance.</p>
	<p>I-Is that so... But it's a surprise that you're trying to build physical strength.</p>
	<p>I think so myself. The reason behind that is you, Rei-san.</p> <p>Because you're working so hard, I want to work as hard as I can, too.</p> <p>This is for me to become a fitting partner to the sound that you play.</p>
	<p>...Thank you very much. So, shall we practice together?</p>
	<p>Yes, that's fine with me. The two of us will be able to work even harder if we're together.</p>

Chapter 6

	<p>Haah... haah...</p>
---	------------------------

	<p>That's good, Enjouji-san... I can feel the weight behind your fist through the mitt.</p> <p>(He's got a good sense for it... If he ever became a boxer, then I'm sure... ...I might've wanted to fight Enjouji-san seriously once...!)</p>
	<p>Phew... Takeru, Ren. Thanks for training me. I'm really grateful!!</p> <p>Thanks to you two, I've thought up a good battle technique... Like this!</p> <p>HAH!</p>
	<p>Hmph. If that's what you got, then... Like this... I'll go with this!</p>
	<p>It's risky to kick at that timing. You'd be safer with a punch.</p>
	<p>I see, you can go with it this way too... Two heads are better than one, but three are even better.</p> <p>Let's present our opinions and suggest things to the stage director during our next practice!</p>

Chapter 7

	<p>It is finally our turn to go onstage... Tsuzuki-san, are you ready?</p>
---	--

	<p>I'm fine to go anytime. We'll have our sounds echo through the theater.</p>
	<p>Yes. Let's show them the results of our training!</p>
	<p>"Target has been Captured..... Elimination Complete."</p>
	<p>"Good boy, C-13. Take a look at that face. It's the look of someone who hasn't realized that they've even died... I expected nothing less of my best creation. But the sins of a traitor are heavier than death itself. This might have been too luxurious for him. Well, that matters not... We have no time to spare. Let's move to the next mission. We're going, C-13."</p>
	<p>"As you wish... I will Crush all my enemies."</p>

Chapter 8

	<p>“Seven, can you hear me? This is Claw. I’ve taken out all the security guards. Fang has also...”</p>
	<p>“I cleared ‘em out way earlier than him!”</p>
	<p>“Roger that. Now all that’s left is the target. Don’t let your guards down until the... huh...? Wh-why... How could it be...”</p>
	<p>“Seven, what are you starin’ f... Wait... HUH? This little brat’s... our target?”</p>
	<p>“Such a young child... It has to be some kind of mistake. Contact headquarters to...”</p>
	<p>“...No, it’s not a mistake. This is how the organization does things. But... Can I kill... this child...?”</p>

	<p>The audience's reactions from watching the gun action are going well.</p>
	<p>Yeah. But we're just getting started. Let's work together and surprise them even more.</p>
	<p>Kuhaha! I'll show 'em the strongest action ever that'll shock 'em so much, they forget how to stand!</p>

Chapter 9

	<p>"...It's a shame, A-7. To think that you would betray the organization that we were in together ever since it was founded."</p>
	<p>"Unable to disCard your emotions, you wavered on whether or not to kill. You're despiCable and third-rate. Let us purge him, A-4."</p>
	<p>"Of course. The sins of a traitor are heavier than death itself. C-13, put an end to them."</p>

	<p>“Kuh— So you’re a doll...! Listen, death god! The way the organization does things is wrong!”</p>
	<p>“All the other enemies are annihilated, so this one child couldn’t possibly stand to be a threat to the organization.”</p>
	<p>“Tch... These dudes don’t look like they’re willing to listen.”</p>
	<p>“It doesn’t matter whether they’re old or young. Isn’t it obvious that, as a pro, you’ll have to reap any heretic elements?”</p>
	<p>“I will eliminate all of the organization’s foes. That is the extent of my existence... Prepare yourself.”</p>
	<p>“If we have no choice but to do this... Claw, Fang! Protect that child until the last!”</p>

	<p>The capabilities that THE Kogadou and that we exerted have been fully displayed to the audience.</p>
	<p>The air in the theater... It feels like we're coming to recognize a brand new sound from Altessimo.</p>

Chapter 10

	<p>The thundering applause really was exhilarating! That was a huge success, everyone!</p>
	<p>The actions I thought up shocked those damn audience members right outta their seats!</p>
	<p>They're the ones that "we" thought up. And most of them were thought up by Enjouji-san, who put them together.</p>
	<p>You're right. You might be the one in the right this time, Takeru. Without either of you, this performance wouldn't have come to anything. I'm blessed to have the best companions ever. Thank you, you two!</p>

	<p>Enjouji-san...</p>
	<p>Tch... Yer fired up about anythin', anywhere... I'm hungry. Ramen dude, gimme food!</p>
	<p>Roger that. Let's invite Teacher and Altessimo and hold a closing party at Otokomichi Ramen. I'll let you eat some ramen that'll make you feel like you're brimming with energy, so look forward to it!</p>

Card / Event Lines

[Crimson Rebel] / + Enjouji Michiru

I was wondering how to bring out a greater assassin-like air to me aside from just action, but I found the perfect item! ...No, wait, it's not like I'm going to use this the way it is now!	"An emotionless doll wouldn't understand. There are things I can't lose no matter how dirty my hands get... I finally realized it."
Skill:	Gunpoint that severs hesitation
Scout line:	<p>This time, we have gun action for the first time since "Cybernetics Wars"! I'll work hard so that I can show them how much I've grown since!</p> <p>Recently, I've had Takeru and Ren teach me lots of things... It's a good give-and-take going on there!!</p>
Change! line:	The costume came out nice and cool! I'm glad my idea was used! I'll work hard at the action so that I won't lose to the outfit either!
My desk (Trust 0%):	My new product, the crochet doll hat I'm going to give to Kanon, is complete! This time, it's a wolf and sheep!
My desk (Trust MAX):	Teacher, please continue to accompany me for personal practice!! Work me through things strictly, please!!
Work (Trust 0%):	Today was the best success up until now. I want to do jobs that always make me think that way!!
MAX Trust:	Please tell me if there's something I lack!! With your advice, I can improve more and more!!

[Cobalt Purger] / + Kagura Rei

	
<p>I see, so this is how you do it...! Kizaki-san, I'll try it out once more, so please watch me! Also, my name is not kappa-head. It's Kagura Rei. I'll make you remember my name.</p>	<p>"I am Completely different from my siblings who died pathetiC deaths. The extent behind my existenCe is nothing exCept to eliminate all of the organization's foes. Now, A-4. Your next Command."</p>
<p>Skill:</p>	<p>Gunpoint that commits crime</p>
<p>Scout line:</p>	<p>Practice for gun action, huh... Who should teach me? I'm sure you'd know a good partner. Do you have any ideas?</p> <p>Action is something to be remembered through muscle memory... right? Music is the same. The amount you practice will equal results. Okay, I'll try doing my best at the actions again.</p>
<p>Change! line:</p>	<p>The director's commands are difficult, but I'll definitely make it a good stage. After all, it was said that my acting was also a point to focus on.</p>
<p>My desk (Trust 0%):</p>	<p>Acting for action scenes becomes a good opportunity to make it a habit to exercise.</p>

My desk (Trust MAX):	I've become used to singing in front of others, but as I thought, without you... it really is disheartening.
Work (Trust 0%):	I saved the phrase I thought up on a whim onto a video. One for Tsuzuki-san as well.
MAX Trust:	I like Altessimo's songs. I wish... that I can continue singing with you and Tsuzuki-san by my side, the three of us.

[Bullets] / + Tsuzuki Kei

	
<p>I'm learning from Takeru-san about how to hold the gun... But it's difficult for me to move as keenly as he does... However, I don't want to think it's impossible, so... I'll do my best.</p>	<p>"A-7, it's a shame that an assassin as skilled as you would end up turning on the organization... But at the same time, I'm glad. Kuku... Because I'll be fully capable of using my power, that of the death god's, which you had evaded up until now."</p>
<p>Skill:</p>	<p>The distorted tuner</p>
<p>Scout line:</p>	<p>Once I've shot the flank, I have to face the other direction right away... Phew. This gun replica is heavy. Just holding it tires me out...</p>

	I can't say it's become perfect, but I've become at least capable enough for a passing mark... I'll have to keep up with my personal practice until the performance.
Change! line:	"Traitors are unnecessary... Disappear." ...Acting while singing, and also doing action... It's a job that requires body and mind to act in tandem. It's a lot of work.
My desk (Trust 0%):	Takeru-san carried my belongings just now. He's a kind young man.
My desk (Trust MAX):	I wonder if I'm also growing as an idol, though it may be in small increments. What do you think?
Work (Trust 0%):	There are no ways to learn how to do adlibs any faster? ...I guess practice is all I can do.
MAX Trust:	...I'm not sleeping. My body hurts, so I can't move... You brought me a compress? Thank you, Producer.

[Bullets] / + Taiga Takeru

Doing this makes me remember “Cybernetics Wars.” I’m really glad that my experience from that could help me out another time... I’ll definitely act my role as an assassin to the best of my ability.	“It’s a given that people will die. All I do is make that end come a little faster to others. You ended up begrudging too many people... Do your reflection in the other world.”
Skill:	The calm claws
Scout line:	<p>The way to shoot the gun... No, first, start off with your posture. I’m not really good at teaching, but I’ll do all I can. Leave it to me.</p> <p>I think it’s amazing of Kei-san that he’s working hard at action even though he’s bad at it. My feelings of wanting to make the fans happy are the same. I won’t lose.</p>
Change! line:	<p>“Our hearts haven’t been frozen over!”</p> <p>...Referring to myself this way is pretty embarrassing... I’ll have to make sure I don’t elicit laughs during the performance.</p>
My desk (Trust 0%):	I don’t really have many things I’m good at, so... I’m glad to help someone out.
My desk (Trust MAX):	If you need help, I’ll gladly take care of you. Whenever you need me, just call out.
Work (Trust 0%):	It’s easier for me to memorize a hundred actions than ten script lines. Leave it to me.
MAX Trust:	Hm? Do you want me to teach you how to use guns too? ...You think my gun action’s cool? What’s up with that... You’re making me blush if you come at me with that outta nowhere... Thanks.

[*Same as Hideo in Detective Aaron, Takeru gets unused to referring to himself as “僕” (boku), a more boyish pronoun than his usual “俺”.]

[Bullets] / + Kizaki Ren

	
<p>All ya gotta do with guns is make 'em go GUH and THUD them. Ain't it easy? ...Ya wanna easier explanation? Ehh, uhh... Logic ain't shit! Just give it a whirl!</p>	<p>"Makin' it pretty or keepin' it secret's all a pain, so who cares. Killers and hunters are the same: they just get rid of what they have to. I'll decide my own rules. I'm not lettin' anyone else decide for me!"</p>
<p>Skill:</p>	<p>The unjust fangs</p>
<p>Scout line:</p>	<p>Kuhaha! What's up with that hack-ass hip posture! Ya wanna make me die by laughin', ah? I'll teach ya real thoroughly, so just know that's a real honor!</p> <p>Hmph, I guess you've gotten a little more capable. But you still suck ass. Yo, stand up. We're gonna keep goin' with my awesome special training!</p>
<p>Change! line:</p>	<p>"If I'm doin' things, finishin' things up chop-chop is all there is." ...I'm not gonna lose to Pipsqueak with gun action, either. I'll show everyone that I'm number one!</p>

My desk (Trust 0%):	At this rate, I guess makin' the entire agency my disciples doesn't sound that bad. Kuhaha!
My desk (Trust MAX):	I guess I can make you my disciple too. In that case... you'll be "disciple servant"!
Work (Trust 0%):	Practicin' the basics is a real pain, but I'll specially act as your example. Ya better be grateful!
MAX Trust:	How's that? That's my gun action. It's the strongest in the world, ain't it? If you're real won over by it, then go buy food for me! Kuhaha!
