

Your Gateway to Guitar: "Learn Heart of Gold and Play Any Song"

If you're learning guitar later in life...

You don't have hours to practice every
day.

10 minutes a day is all it takes
With Guitar Gym Pros Latest Course 

**You need the right foundation if you want to
Learn Guitar Fast.**

"It starts with learning one song in a completely new way."

**Why
Traditional Guitar Lessons
Don't Work.**

Pay close attention your here for one reason and one reason only. What you've tried isn't working.

It's not your fault you've been misled...

Adults learn different than kids, and sadly most lessons weren't designed for adults.

Most teachers try and teach you the way they learned when they were you young.

We teach the exact opposite.

Few teach ALL the fundamentals, and fewer still guide you through process of applying what you've learn to playing actual songs. You have to buy another course for them to teach you that.

**That's why we made this course; everything
you need is here.
No other course required.**

What's Inside:

You're not only going to learn Neil Young's "Heart of Gold,"

From start to finish,

But you'll learn these essential foundations:

1. How to have fun when you practice
(no more pointless theory)
2. Learn to play by ear by training your mind's ear. If you can't hear what you want to play you never will.

3. How to cut years off your guitar journey by creating the necessary brain finger connections with a little exercise we call "The Spider."

Plus, a really cool way to learn any strum pattern
And start crafting your own too.

Tim H.

"After the first session, I was certain Jake was the guitar instructor for me. Four weeks later, I can honestly say I have gained skills and developed confidence that have made guitar playing much more enjoyable. Jake is a professional. He takes his guitar instruction duties seriously. I highly recommend Jake to anyone who wants to become a better guitar player."

Jake Y.

I was ready to give up on playing. Every lesson I watched just left me more confused and frustrated. That changed when I took the Heart of Gold course. Jake explains things completely different, and doesn't expect you to hear it one time and play it right away. I still can't believe I'm playing my first song.

Andrea N.

"I am blown away with how much I've learned from Jake. I have been watching videos on youtube for a while trying to learn guitar piece by piece, but having the accountability and step-by-step laid out made life so much easier. Thank you so much."
