Fund Balance Committee

Friday June 4, 3-4pm

Chair: Shayne Strey

Minutes:

- Begin to set some parameters for what the Fund Balance should be used for
 - Executive Board accounts are messy in general - nobody knows what each account is used for
 - People are overly reliant on the fund balance because it has the most money and the least guidelines
 - Need to insure that all money that is given out actually benefits students directly
 - Keep the savings account moving
 - Idea: create a document outlining current issues that Wayne can give to the next Executive Board during training
