

Dana Christensen

I currently live in Lincoln, but I grew up in a military house that moved around quite a bit. I have lived in Wyoming and Missouri, however I consider Las Vegas, Nevada to be considered "home". I graduated high school in Vegas and then moved to Nebraska where I earned my Bachelor's in Early Childhood Inclusive Education and a second Bachelor's in Elementary Education from Peru State College. I also just received my Master's from Peru State in Curriculum and Instruction.

During the summer, I love to read, spend time with my friends and family, and travel. My parents live in Ozark, Missouri and I try to visit them as often as I can for boating, fishing, and camping trips. My sister, brother-in-law, nephew, and niece live in San Antonio, Texas so I visit there often as well. I also have a beagle named Louie.

Fun fact: I've been asked how I ended up in Nebraska when I lived in Vegas through high school. I was recruited to play volleyball at Peru State College but have Nebraska blood in me because both of my parents grew up in Nebraska. I have several family members in the state and grew up as a Huskers fan!
