

1. Download the FREE **GooseChase** Android or iPhone app.

2. The landing page that comes up should say "Experiences" at the top. Click on the magnifying glass in the top right.
3. From there, a page should come up that says "Hunt for an Experience". Type "WinTOUR 2024" in the box next to the magnifying glass where it says "Type Experience Name". ***(Many want to type in the box that says "Join Code" – this is not the right spot!)***
4. Select the **Fairmount Park WinTOUR 2024** scavenger hunt with this picture.

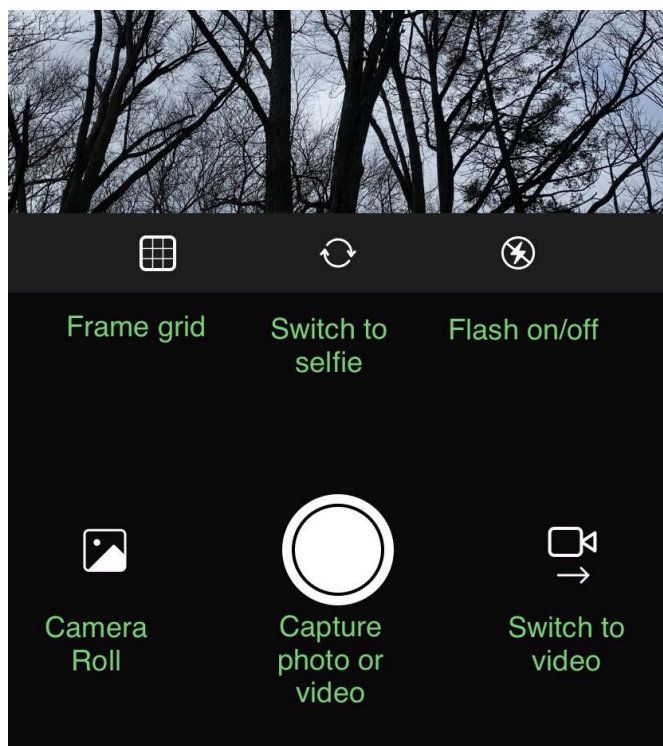

Fairmount Park 2024 WinTOUR Scavenger Hunt

The Fairmount Park Conservancy presents the 2024 WinTOUR Scavenger Hunt: a FREE, all-ages game to encourage the exploration of Fairmount Park during the coldest months. Missions released on Mondays.

▶ START Jan. 29, 2024 at 9:00 AM | □ END Feb. 25, 2024 at 8:00 PM

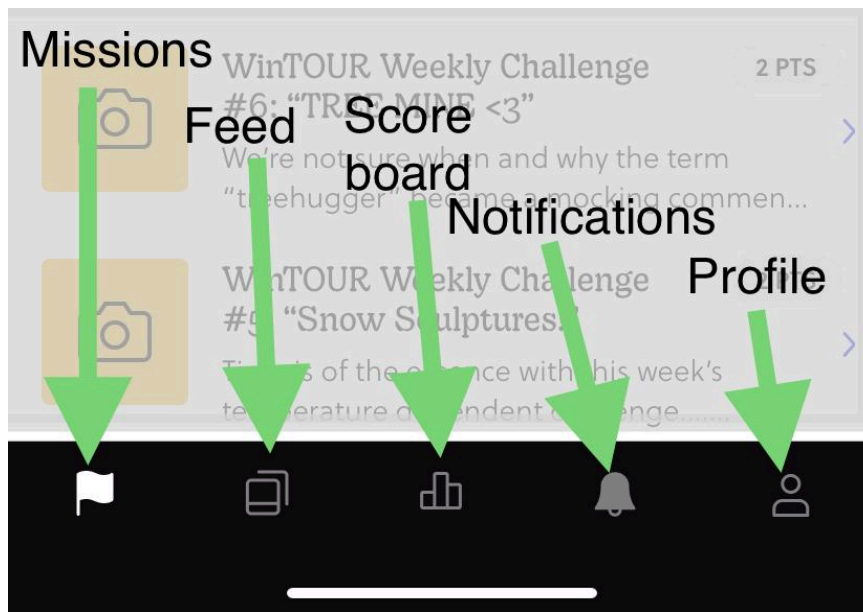

5. Select the "Let's Go" button and then "Create Team".
6. If you're playing as part of a team (1–4 players), create your team name OR select your team from the list if it's already been created by a teammate. If you're playing individually, enter your player name or select your player profile if it's already been created.
 - If you're joining a team that has already been created, it may ask you for your team's password. ***The person who created the team will have to give this to you.*** To find it they should go to the person icon on the bottom right and then click the gear icon in the top right.
7. Type in the game password (**Phillyparks**).

8. Once in the game, you'll see the missions to complete by hitting the far left (as long as it's after when they're released**). Mission types can include photo/video, multiple choice, or text answers. To complete a mission, select it from the list and hit the "Snap Evidence" button.
***Each week's missions are released on Monday.*
9. For missions with the option to do photo or video, you have to hit the appropriate camera icon. For video*, you hit the circular capture button once to start (it will turn square while capturing) and hit the button again to end the clip. **Keep in mind - the maximum video length is 30 seconds.** You also have the option to upload photo/video from your phone's built-in camera by hitting the landscape icon camera roll. Please use this function with honor and only upload images taken during the scavenger hunt (no old or online images!) A few other functions identified here:

**Some Android 10 devices and older may experience problems with uploading videos. GooseChase is currently working on a fix for this but suggested trying to upgrade your device with newer software, if possible, to help with this.*

10. Using the navigation tabs, you can keep track of how you are doing via the activity feed and the leaderboard, see notifications from the game organizer or review (and resubmit) your previous submissions.

11. Most importantly, HAVE FUN! Get creative and get social! Interact online with your fellow players and organizers by posting photos/videos with: **@myphillypark**
