

Supreme Council Meeting May 15, 2019

By: Emily Rubinoff

The Supreme Council Meeting on May 15, 2019, was the first ever elder led meeting. Elder Fairfield starts the meeting off by talking about the Olympics progress. So far, periods 4 & 5 have not completed the first event-- the pull-ups, which should be done by the end of the day today. People who don't have a lot of karma points, who are quiet, and don't participate, should be taking part in the Olympics any size, shape, or form. There should be at least two people signed up to help set stuff up for each category, etc. putting the flags out. Period 3, who is running it has started sign-ups and things are starting to move.

It was voted the last meeting, that period 2 would not be allowed to participate in the Olympics, but period 6 Bisma organized a vote for period 2 to participate. The vote came out to 14 "yays" and 9 "nays". It was passed that period 2 would be able to participate in the Olympics but were not allowed to host any events. Someone in period 2 has already started conducting sign-ups for each event and claims they will win. Mr. P wants to inform the citizens by investing wisely in the stock market during the Olympics week. If a period wins an event, or it is well organized, the stock will go up and it is a good time to invest. However, if the event was poorly organized and has low participation, the stock will go down, which can possibly lead to a stock crash. Elder Fairfield urges council members to find citizens who are quiet and have low karma points to participate in the Olympics in any size, shape, or form. Mr. P addresses that period 4 is organizing the closing ceremony and they need to start advertising jobs to do if they don't want to participate in athletics. Some easy jobs during the closing ceremony are photos for the slideshow, which is easy points.

The next topic addressed is the passing of the bill for elder rights. Fairfield states that it needs to be added to the P-Ville constitution. He briefly explains the sections in the bill. There are 4 sections that talk about the access to karma sheets, a council, and DOD, investments in the stock market, and can attend meetings and vote like any other citizen. Other stuff that has not been added to the bill can be amended and wants to be brought up at the next meeting if period 6 brings it up. The elder bill will be the 11th or 10th article added in the constitution.

The last thing addressed in the meeting was the hall of fame. Over the last few years, citizens have failed to add to the hall of fame, but this year there is a hall of fame committee working to add to the hall of fame. Wilson and Fairfield will be meeting during lunch and over the phone, about adding a ceremony. Due to the block schedule for

the next two weeks, there will be no meetings. The next meeting will be held in June by period 6.
