UX DESIGN PROJECTS

General Assembly, Remote

National Weather Service | Design Study, Mobile and Desktop sites (Remote)

UX Designer, Project Manager

3 Week Sprint

- Created a more intuitive hierarchy of information, cutting the amount of time the user would need to spend on the mobile and desktop site by 85%.
- Redesigned the radar map on both sites to highlight the user's primary needs and easily present the information, eliminating confusing jargon and metrics.
- Redesigned the home page to easily showcase the information most valued by the user, bringing in more users to the mobile and desktop site (data results coming soon)

(Insert Project Name) | Team Concept Project, Location (City, ST or Remote)

Role

Week Sprint

- Accomplishment #1 using XYZ elements including population, action, and result (1-2 lines only)
- Accomplishment #2 using XYZ elements including population, action, and result (1-2 lines only)
- Accomplishment #3 using XYZ elements including population, action, and result (1-2 lines only)

PROFESSIONAL EXPERIENCE

Ballard Orthodontics

June 2022 - February 2023

Orthodontic Assistant, Ballard, Washington State

- Bonded and debonded braces, ceramic braces, lightforce brackets, and Invisalign on patients ages 8-70
- Captured cephalometric and panoramic radiographs, intraoral 3D Itero scanning, and 3D printing
- Provided chair-side patient care, assisted orthodontists during appointments, charted and documented all patient information using Cloud9 software

Aurora Veterinary Hospital

March 2018 - June 2022

Veterinary Technician, Greenwood, Washington State

- Assisted veterinarians during appointments and surgical procedures, monitored patients under anesthesia, filled medication orders, independently saw appointments for vaccines, blood and urine collection (via urinary catheter and cystocentesis), as well as basic grooming and maintenance.
- Cross-trained as a service care provider; answering phone calls, responding to emails, scheduling appointments, and coordinating with veterinary specialists for monthly consultations and exams.

Sammamish Highlands Veterinary Hospital

July 2015 - March 2018

Veterinary Technician, Sammamish, Washington State

- Assisted veterinarians during appointments and surgical procedures, monitored patients under anesthesia, filled medication orders, independently saw appointments for vaccines, blood and urine collection (via urinary catheter and cystocentesis), as well as basic grooming and maintenance.
- Cross-trained as a service care provider; answering phone calls, responding to emails and scheduling appointments

EDUCATION

General Assembly, Remote

Certificate of Completion, User Experience Design Immersive (UXDI)

February 2023 - August 2023

- 24-week, full-time, 500+ hours, project-based training program taught by industry leaders.

Santa Barbara City College, (Santa Barbara, California)

Associates Degree in International Studies

2015
