Day #4 - June 28th

Price goes up to \$21.97 at 00:01 EST

\$3 off coupon **arenaclosing** on the salespage is active

Day #5 - June 29th

Price stays at \$21.97

\$3 off coupon **arenaclosing** on the salespage is active

After the 5-day special offer finish, price will be \$26.97 and the launch is evergreen.

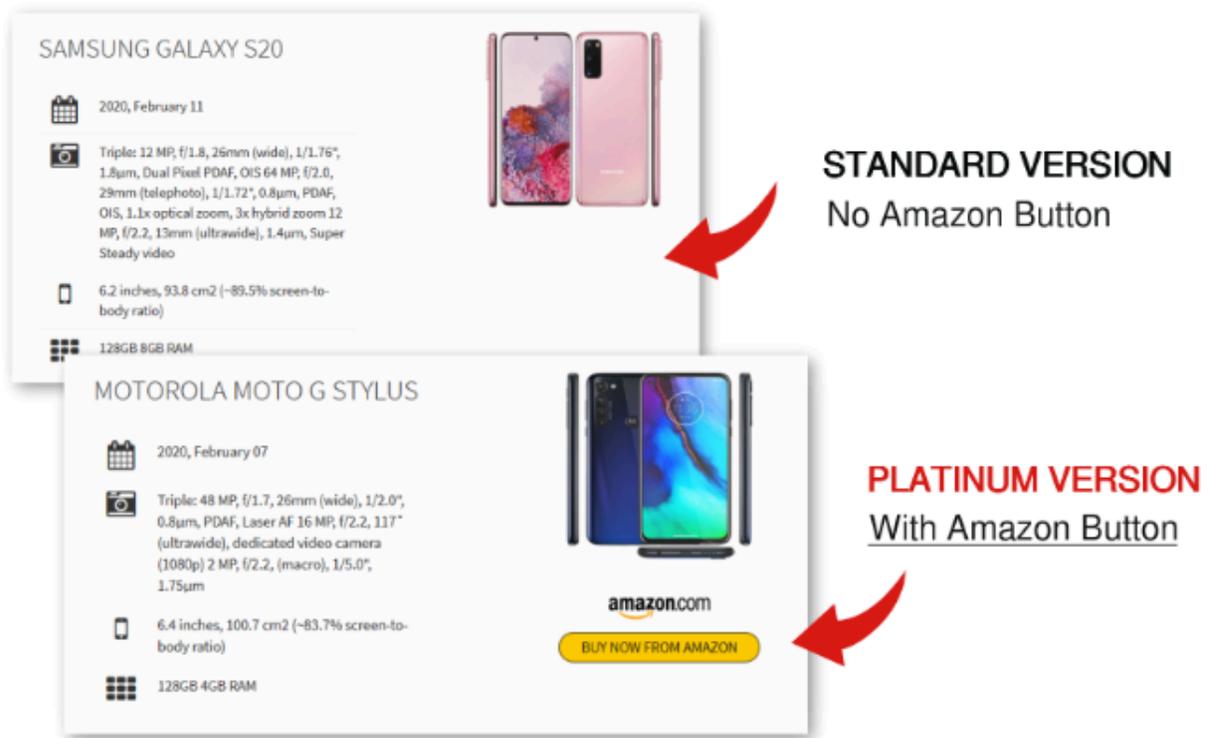

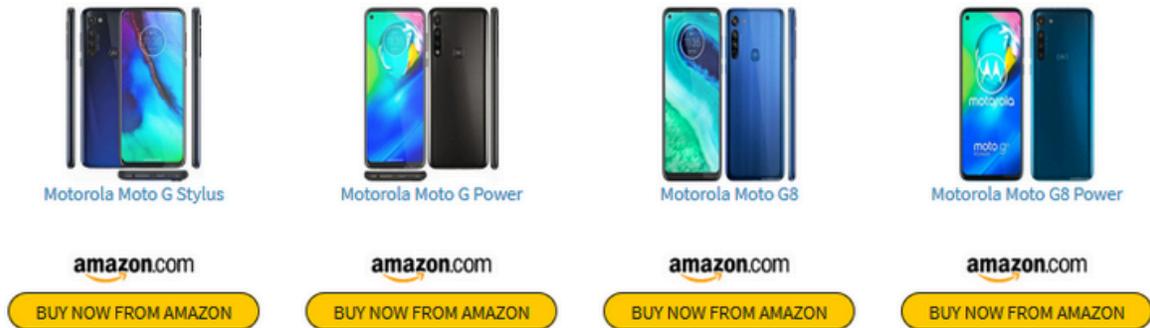

Coupon code "**arenagsm**" will be active which gives \$5 off

OTO #1 : ArenaPhone PLATINUM

\$27 - \$37 dimesale (60% comms)

Gives user extra Platinum features such as 20+ more DFY phone specifications, Amazon button on every device specs post (no API needed) and 1-click Amazon Store Section (no Amazon API needed)

Store

OTO #2 : LinkRanker Cloud-App Software

\$47 - \$67 yearly (60% comms)

Give users the ability to build 200+ backlinks to every site URL they submit. No installation needed, just log in -> add site URL -> get backlink report.

A perfect upgrade because when users have built their phone specs WP site then they will want to build backlinks to get higher Google ranking.
