

Robotics Club

Club Purpose:

The purpose of the robotics club is to offer students an opportunity to have fun and extend knowledge past the curriculum. During club time, students will use the engineering process in partners or small teams to design, build, program, operate, and troubleshoot robots. Club activities will challenge teams to use their robots to solve problems and complete challenges.

Participation Requirements:

1. Students must attend meetings regularly. If you need to miss a meeting, please inform me in person or by email. Missing 3 meetings without communication will result in dismissal from the club.
2. Students must adhere to the behavior standards set forth in the student handbook and Tech Ed safety contract during club activities.
3. During club meetings, students must use their time to work productively and collaboratively with their team.
4. Parents/guardians are responsible for arranging prompt transportation for their child.

******To participate, this page must be completed and returned to Mrs. Humber by
Wednesday, October 8th.******

Robotics Club Permission Slip:

_____ has my permission to join the MBA Robotics Club. I understand that this club will meet after school and that my child will need to have a ride promptly at 3:30pm. I am aware that continued membership in the club is contingent on my child attending meetings regularly, following the rules set forth in the school's student handbook and Tech Ed safety contract, and that they contribute constructively and collaboratively to their group.

Are there any health conditions or other concerns that I should know about your child?
