LOCATION: GC - Stanley White i4 Digital Lab, BRC1B52

DIRECTIONS:

From the “Hall of Mirrors” on GC3, take the main elevators (or the stairs) down to GC 1. Turn left off the elevators, and then left again. Follow this hallway around until you pass the Pepsi machine and come to a pillar & wall. (There is a label on this wall pointing towards SW i4 Lab). Go left through the fire door. Keep walking through another short hallway, through another door, and then turn left down the hall. Take the first door on the right into the Stanley White i4 Digital Lab (BRC 1B52).
