

## **Shake and Spill Directions**

### **To Prepare**

1. Cut the counters and print one recording sheet for each partner
2. Choose how many counters to use (up to 5 red and 5 yellow)
3. Put the counters in a cup
4. Make sure you have a pencil (or a colored pencil) ready

### **To Play**

1. Partner A closes their eyes while Partner B shakes, spills, and covers up the yellow counters with a cup.
2. Partner A determines how many counters are under the cup and explains how they know.
3. Both partners record the round by writing the total number of counters and the appropriate addition expression.
4. Switch roles and repeat. Keep going until the recording sheet is complete.
