

Archiving Student Activism Resources

Tips and tool kits:

- <https://www.theblackivists.com/five-tips-for-anyone-documenting-movements>
- [Tip Sheet for concealing identity](#) - Created by [Witness](#), a human rights non-profit organization that provides a free resource library for video activists, trainers, and their allies. WITNESS provides video tutorials on a variety of topics (concealing identity, informed consent, transferring electronic files)
- [Archiving Student Activism Tool Kit - Project Stand](#) (Student Activism Documented Now) is a movement to ethically document and collect materials related to student activism from college and university campus archives. The CMU Archive is now a member of this group. (Their website is currently being redesigned, in case it's down the toolkit is available as a pdf if you follow [the first link.](#))
- [Documenting the Now](#) - A set of tools and an online community that support the ethical collection, use, and preservation of activism related social media content.
- [Defend Our Movement: A Digital Self-Defense Knowledgebase](#): An online, collaborative source of questions/answers, resources, links and other information about protecting your data.

Tools:

- [Obscure Cam](#) - Android app that will automatically blur faces.
- [Image Scrubber](#) - A tool for anonymizing photographs. It can be used to blur faces and will remove identifying metadata (Exif data) from photos.
