

EDC 893 Capstone Project II: Leadership Essentials to Strategically Think, Plan, Implement, and Evaluate

**This capstone course must be taken independently*
MSIL Course Sequence: EDC 892, EDC 890, EDC 891, EDC 893

Course Overview

This resource describes the objectives and key assignments of this course. The document is subject to change and does not substitute for the course syllabus which is provided by individual instructors on a term to term basis.

Placement Requirements

Must have a PK-12 clinical school setting and a committed group of adult colleague participants with whom to carry out a planned action research project. Action research projects typically consist of 5-7 professional development sessions with adult colleagues and ongoing implementation with PK-12 students.

Course Objectives

1. Students will review and finalize their plan for action research.
2. Students will implement their action research activities.
3. Students will reflect on their own learning and those of their peers.
4. Students will complete written documentation of their action research.
5. Students will present their action research.

Key Assignments

- Action Research Proposal
- Journal
- Final Written Document
- Research Presentation
