

## **ASSOCIATE IN APPLIED SCIENCE RADIOGRAPHY**

*Effective Fall 2024 Admissions and on*

Dear Prospective Radiography Student:

We are pleased you are interested in the Radiography Program at Mid Michigan College. This packet is designed to provide you with information about the program, admission process, and curriculum requirements for the Radiography Program.

As officials of the Radiography Program here at Mid, we are ready to help you fulfill your career goals. Having been in Radiography for a number of years in various capacities, our experiences in the profession have been rewarding and personally gratifying. If you are looking for challenging employment with a future, you can find it in Radiography.

Also, please feel free to call or email or speak to an advisor if you have questions regarding the program.

Sincerely,

LouAnn Goodwin, M.Ed., R.T. (R), (CT), (MR)  
Director of Imaging Sciences

Denise Phillips, M.S, R.T.(R)(CT), R.N.  
Clinical Coordinator

## APPLYING

Each step needs to be completed in order:

1. Submit a Mid Michigan College admissions application: <https://apply.midmich.edu/>. You will then be connected to your [Mid Mentor](#), who is ready and waiting to be your personal guide throughout your time at Mid.  
  
Meet the Mid Mentors to learn more about them and to easily contact your Mid Mentor with any questions. If you don't yet know who your Mid Mentor is, no problem! We can put you in touch at (989) 386-6661 or [mentors@midmich.edu](mailto:mentors@midmich.edu).
2. Get your financial aid in order. If you haven't yet, you should begin this process. It takes a minimum of a few weeks to process financial aid for new students.  
  
File your FAFSA (Free Application for Federal Student Aid) online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) to determine your eligibility for grants, loans, scholarships, and work-study. Be sure that you add Mid's school code [006768] to your FAFSA form. Questions about Financial Aid? Call us at (989) 386-6664 or visit Financial Aid at Mid.
3. Set up your midmich email and portal. Important updates and information begin right away. This is your College email and is used for all official College communications.  
  
Please complete the following steps:  
Go to <https://portal.midmich.edu/>  
Click on the Account Setup link in the upper right-hand corner.  
Read the information to set up your username and password.  
Click on Login in the upper right corner.  
Click the Email link in the upper left corner to get your email.  
Having trouble with your online Portal? Contact the Mid Helpdesk at (989) 317-4630 or [helpdesk@midmich.edu](mailto:helpdesk@midmich.edu).
4. If you've graduated from high school within three years, send us your high school transcripts and standardized test scores. If you've attended other colleges, have your college transcripts sent to us as well. If it's been longer than three years since you've graduated, you may need to complete additional placement testing. Your assigned [Mid Mentor](#) can help you determine what you need to submit or what testing needs to be completed.  
  
Placement testing is completed in the [Library Learning Services \(LLS\)](#) department at Mid. They can be reached at (989) 386-6677 for Harrison or (989) 773-6622 ext. 287 for Mt. Pleasant.
5. Advising—All incoming students must meet with a Mid advisor for degree planning and course selection. Advising is available by appointment during regular business hours.
6. Register for prerequisite classes.
7. View [Radiography Information Video/Sessions | Mid Michigan College](#).
8. Students are required to observe a minimum of four hours in a hospital Radiology Department prior to entering the program. More details are included in this packet.

## PREREQUISITE REQUIREMENTS

#### All Radiography Student Candidates:

- All courses in a semester must be passed with a minimum grade of “C” to progress to the next semester.
- Anatomy and Physiology courses must be passed with a minimum grade of “B-“.
- Anatomy and Physiology courses must have been completed within five (5) years of the date the student formally begins the program.
- Prerequisites to the Health Sciences programs can only be taken twice. This includes withdrawals. Any exceptions to this rule must be approved by the Radiography Program Director in writing.
- It is the student's responsibility to make sure all Mid credits, transfer credits, and test outs, are all in order by the application deadline. This can be done by making an appointment with an advisor.

## SELECTIVE ADMISSIONS

- There is no waitlist for the radiography program. Selection is based on the completion of prerequisites and selective admission criteria. See more information below.
- MID admits students to the Radiography Program under a Selective Admission Process. The criteria for admission will be based on:
  - GPA in pre-requisite courses (35% of total)
  - GPA of other program requirements (20% of total)
  - Number of credit hours taken at Mid (10% of total)\*
  - Previous earned degrees (10% of total)
  - Previously documented healthcare-related work experience (10% of total)
  - Personal Statement (15% of total)
  - Bonus Points for highly recommended courses

\* Due to articulation agreements, students from Alpena Community College, Kirtland Community College, Lake Superior State University, Montcalm Community College, Northwestern Michigan College, and West Shore Community College seeking seats in the program associated with their hometown clinical sites, will be eligible for a maximum of 10 points based on the number of credits hours taken at their local institution.

## ADMISSION DATES AND DEADLINES

|                                          | <b>FALL ADMISSIONS<br/>Harrison Campus (Begins in August)</b> |
|------------------------------------------|---------------------------------------------------------------|
| <b>Submit Application online</b>         | December-February                                             |
| <b>Applications due</b>                  | March 1 annually                                              |
| <b>Letters of acceptance/denial sent</b> | May 31                                                        |

## APPLYING AND APPLICATIONS

- Admission to the Radiography Program is limited to the number of students that can be accommodated by the affiliated hospitals.
- Students who have completed the prerequisite courses, or anticipate completing the prerequisite courses during the winter semester may apply directly to the Radiography Program during the months of December, January, and February. Equivalent courses from other post-secondary institutions may be used to fulfill prerequisite course requirements.
- Students who are qualified but not admitted to the program in the fall semester may apply during the next admission cycle.
- Applications are available online at: [www.midmich.edu/degrees-programs/programs/rad/](http://www.midmich.edu/degrees-programs/programs/rad/) and are due March 1<sup>st</sup> annually.
- Letters will be sent to students whether it is an acceptance or denial letter.

## **PREVIOUSLY EARNED DEGREE**

- Only one previously earned degree will be accepted. Documentation, per official transcript, **MUST** be provided to the Mid Registrar when applying, to support an earned degree.

## **CREDITS AT MID**

- Indicate the number of credits successfully completed at Mid.
- Due to articulation agreements, students from Alpena Community College, Kirtland Community College, Lake Superior State University, Montcalm Community College, Northwestern Michigan College and West Shore Community College seeking seats in the program associated with their hometown clinical sites, will be eligible for a maximum of 10 points based on the number of credit hours taken at their local institution.

## **PREVIOUS HEALTH CARE EXPERIENCE**

- All health care experience **MUST** be provided by the documentation of job description, length of service, and hours per week from supervisor on agency letterhead for work/volunteering completed in the past five (5) years.
- All direct/indirect experience must be for a minimum of six (6) months and must be documented as such by the employer.
- Letters of healthcare experience must be uploaded with the online program application prior to the application deadline.

## **MEDICAL IMAGING DEPARTMENT OBSERVATION**

- Students are required to observe for at least four hours in a hospital Medical Imaging Department prior to entering the program. Unless there are extenuating circumstances, students are to complete this observation prior to submitting an application as you will be required to write about your experience in your personal statement. A form, including a confidentiality statement and more information regarding the observation, is included in this packet.
- The Medical Imaging Department Observation Form must be completed and signed by a Radiology Supervisor at each site and uploaded with the program application prior to the application deadline.
- The observation requirement may be waived in lieu of experience working in a medical imaging setting. If seeking a waiver of this requirement, briefly describe the previous experience in the medical imaging setting and upload it with the program application.
- Students' required observation experience will count towards the previous healthcare experience points, as long as students have been working/volunteering for a minimum of six (6) months.

## PERSONAL STATEMENT

- This personal statement is part of the selective admission point scale, and therefore, affects your prospects for admission. It is to be typed on a separate document and uploaded with the program application. It should be a maximum of one page in length.
- A brief account of:
  - a. significant experiences, activities, and employment.
  - b. your reasons for considering a career in health science.
  - c. how your medical imaging department observation related to your reasons for selecting a career in health science.
  - d. your plans and aspirations for the future.

## DRUG SCREENING

Mandatory drug screening will be in effect for all Health Sciences program students. This is at the student's expense and not covered by Mid. Students will receive a packet of information and instructions once accepted into the program.

## CRIMINAL BACKGROUND CHECK

The enactment of the revised Public Health Code effective April 1, 2006, now requires that all healthcare providers have a criminal background check (CBC) with fingerprinting that includes an FBI check. Based on this legislation, students' final acceptance into the Radiography program may be affected by the results of this background check. This will be at the student's expense and must be completed prior to the beginning of the semester or current (within the last two years). The CBC must be current (not older than two years) for the duration of the program. This is at the student's expense and not covered by Mid. Students will receive a packet once accepted into the program.

## NON-DISCRIMINATION POLICY

Mid Michigan College does not discriminate on the basis of sex, age, race, color, ancestry, national origin, gender, disability, marital status, religion, veteran status, sexual orientation, gender identity and/or gender expression, or any other legally protected characteristic, in its education programs or activities in accordance with federal and state civil rights laws, including, but not limited to Title VI of the Civil Rights Act of 1964, Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Title II of the American with Disabilities Act, the Age Discrimination in Employment Act of 1967, and the Age Discrimination Act of 1975.

This policy applies to employees, students, and the general public. The College's policy on non-discrimination is available at the College, published in any College statement regarding the availability of educational services, and in the student and staff handbooks. If you have any questions regarding the college's discrimination policy or want to file a complaint, please contact Mid Michigan College's Title IX Coordinator:

Martricia M. Farrell, Director of Security Operations and Systems, Deputy Title IX Coordinator/Clery Compliance Officer, [mfarrell@Midmich.edu](mailto:mfarrell@Midmich.edu) (989) 386-6622 ext. 394

For Mid's full Title IX and Campus Sexual Violence Policy visit: [www.Midmich.edu/titleix](http://www.Midmich.edu/titleix)

Inquiries and complaints related to harassment or discrimination may also be directed at any time to:

United States Department of Education Office for Civil Rights  
1350 Euclid Avenue, Suite 325  
Cleveland, OH 44115 OCR.Cleveland@ed.gov

**All supporting documents MUST be sent/submitted prior to the admission deadline. Late documents will NOT be accepted for consideration, and students will need to reapply for the next admission cycle. Final acceptance into the Radiography Program is pending until students complete and have a clear criminal background check. All admission decisions made by the Admissions Committee are final.**

**STUDENT NAME:** \_\_\_\_\_ **ID #:** \_\_\_\_\_

**MEDICAL IMAGING FACILITY:** \_\_\_\_\_

**DATE OF OBSERVATION:** \_\_\_\_\_ **HOURS OBSERVED:** \_\_\_\_\_

**Objective:** Prospective Mid Radiography students are required to observe **at least four hours** in a hospital medical imaging department in order to evaluate Radiography as a career.

The observation requirement may be waived in lieu of experience working in a medical imaging setting. If seeking a waiver of this requirement, briefly describe previous experience in a medical imaging setting on a separate document and upload with the program application.

**Arranging your observation session:** You may observe in the Medical Imaging Department of any of the Mid Imaging Sciences Clinical Education Centers listed below. Other hospital/medical center imaging facilities may be used. Call the number listed and ask to arrange a date for your observation.

|                                        |                       |
|----------------------------------------|-----------------------|
| McLaren Central Michigan, Mt. Pleasant | 989-772-6798          |
| Munson Healthcare Cadillac Hospital    | 231-876-7260          |
| Munson Healthcare Grayling Hospital    | 989-348-0350          |
| Munson Healthcare Manistee Hospital    | 231-398-1147          |
| Sparrow Carson Hospital                | 989-584-3974 ext. 208 |
| Spectrum Health Ludington Hospital     | 231-845-2141          |

**Arranging your observation session at a MyMichigan Health facility:**

For students wishing to arrange their observation at any of the following MidMichigan Health Facilities: Clare, Gladwin, Midland, or Alma, West Branch, and Alpena. there is a specific way to set the observation up, rather than calling.

Students are to go to

[www.Midmichigan.org/careers/JobOpportunities/](http://www.Midmichigan.org/careers/JobOpportunities/), and select “Student” under the job category, then Search. The student will need to click on the Job Shadow and Academic Intern for the facility they wish to go to. The student will then need to log in or register and complete the application online. After the student completes the application online, someone will call them to schedule the observation at one of the four sites.

Students must be in good health and must be free of any communicable diseases.

1. Prospective students must wear business casual attire. Denim, t-shirts, and sweatshirts, etc., are not appropriate.
2. Prospective students must meet accepted standards for cleanliness, hygiene, and professional demeanor.
3. Prospective students will not be allowed to participate in any hands-on patient contact during the observation.
4. In addition to the confidentiality statement below, the hospital may require students to sign a separate confidentiality statement. There may also be health-related requirements to be met.

**Information and Confidentiality Statement:**

I have read and understand all the information on this form. Furthermore, I understand and agree that during this observation, I will hold all patient, employee, medical care and quality assessment information in complete confidence.

**Student Signature** \_\_\_\_\_

**Date** \_\_\_\_\_

---

**Radiology Staff Member Signature** \_\_\_\_\_ **Date** \_\_\_\_\_

If you have any questions, you may call the Mid Radiography Program Director at 989-386-6646.

**\*\*\*\*\*Upload this completed form when submitting the Radiography Program Admission Application online, due March 1 annually, in order for your application to be considered complete.\*\*\*\*\***

## Personal Statement

STUDENT NAME: \_\_\_\_\_ ID #: \_\_\_\_\_ DATE: \_\_\_\_\_

This personal statement is part of the selective admission point scale, and therefore, does affect your prospects for admission. It is to be typed on a separate document and uploaded with the program application, due March 1 annually, in order for your application to be considered complete. The document should be a maximum of one page in length.

Please write a brief account of:

1. Significant experiences, activities, and employment.
2. Your reasons for considering a career in Health Sciences.
3. How your medical imaging department observation related to your reasons for selecting a career in Health Sciences.
4. Your plans and aspirations for the future.

### Personal Statement Evaluation Rubric

\*Use the following rubric as you write your personal statement, the admissions committee will use this when reviewing your statement.

| RATING CRITERIA                                        | 3 POINTS                                                                        | 2 POINTS                                                                            | 1 POINT                                                                               | 0 POINTS                                                             | POINTS RECEIVED |

|                                                        | future.                                                                         |                                                                                     |                                                                                       |                                                                      |                 |
| 2. Reasons for considering a career in Health Sciences | Provides substantive reasons for considering a career in Health Sciences.       | Provides acceptable reasons for considering a career in Health Sciences.            | Provides few reasons for considering a career in Health Sciences.                     | Provides no reasoning for considering a career in Health Sciences.   |                 |
| 3. Relating observation to career decision             | Provides ample evidence or relating observation to career decision.             | Provides acceptable evidence of relating                                            | Provides little evidence of relating observation to career decision.                  | Provides no evidence of relating observation to career decision.     |                 |
|                                                        |                                                                                 | observation to                                                                      |                                                                                       |                                                                      |                 |
|                                                        |                                                                                 | career decision.                                                                    |                                                                                       |                                                                      |                 |
| 4. Writing mechanics                                   | Excellent writing mechanics. 1-2 error(s) noted.                                | Acceptable writing mechanics. 3-4 errors noted.                                     | Poor writing mechanics. 5-8 errors noted.                                             | Unacceptable writing mechanics, more than 8 errors noted.            |                 |
| 5. Written expression                                  | Concepts clearly expressed. Thorough but concise.                               | Concepts expressed in acceptable manner.                                            | Concepts expressed poorly. Thoroughness                                               | Concepts expressed in unacceptable manner.                           |                 |
|                                                        |                                                                                 | Thoroughness                                                                        | and/or conciseness                                                                    |                                                                      |                 |
|                                                        |                                                                                 | and/or conciseness                                                                  | lacking.                                                                              |                                                                      |                 |
|                                                        |                                                                                 | slightly lacking.                                                                   |                                                                                       |                                                                      |                 |
| <b>FINAL SCORE, MAXIMUM POINTS POSSIBLE (15)</b>       |                                                                                 |                                                                                     |                                                                                       |                                                                      |                 |

# Radiography Program Curriculum Sequence and Graduation Requirements

## AREA OF INTEREST

Health Sciences

## PATHWAY RESULT

Associate in Applied Science

## TOTAL CREDITS

67.5 credits

## WHAT'S A PATHWAY?

This guided pathway represents one recommended way for you to complete this program. Each program of study offered at Mid is mapped out to help you stay on track and prepare you for your future. Specific courses were selected to align with the learning outcomes of this program.

## WHAT CAN BE CUSTOMIZED?

Pathways can be customized to meet your specific needs. Courses designated by a lock symbol represent a graduation requirement for this program of study that cannot be changed. We strongly encourage you to meet with an Academic Advisor to create a personalized plan. Make an advising appointment today at (989) 386-6626 or [advising@midmich.edu](mailto:advising@midmich.edu).

## SPECIAL NOTES

At least 15 of these credit hours must be taken at Mid Michigan College.

## SEMESTER 1: FALL 14 CREDITS

- ALH.100 Medical Terminology 2 credits
- BIO.138 Human Anatomy and Physiology 6 credits
- ENG.111 Freshman English Composition 3 credits
- MAT.104 Basic Algebra 3 credits

## SEMESTER 2: WINTER 9 CREDITS

- SSC.200 The Social Sciences & Contemporary America 3 credits
- PSY.101 Introduction to General Psychology 3 credits
- COM.101 Fundamentals of Communications 3 credits

## SEMESTER 3: SPRING

## SEMESTER 4: FALL 6 CREDITS

- RAD.100 Introduction to Radiologic Technology 3 credits

- RAD.110 Radiation Physics 2 credits
- RAD.113 Radiation Biology 1 credit

## SEMESTER 5: WINTER 8 CREDITS

- RAD.115 Principles of Radiographic Exposure 3 credits
- RAD.130 Radiographic Procedures I 4 credits
- RAD.213 Radiation Protection 1 credit

## SEMESTER 6: SPRING 9 CREDITS

- RAD.175 Radiographic Procedures II 3 credits
- RAD.180 Clinical Education I 6 credits

## SEMESTER 7: FALL 12 CREDITS

- RAD.201 Clinical Issues in Radiography I 2 credits
- RAD.205 Clinical Education II 7 credits
- RAD.211 Sectional Anatomy 1 credit
- RAD.217 Advancements in Imaging 2 credits

## SEMESTER 8: WINTER 9.5 CREDITS

- RAD.221 Clinical Issues in Radiography II 2 credits
- RAD.250 Clinical Education III 7.5 credits
