

Guidelines for reviewing:

The deadline for submitting feedback on the two essays is November 24 (23.59).

For Reviewers (double-blind peer review)

Please, give constructive, professional feedback that helps the author improve clarity, correctness, and significance.

Double-blind rules:

- Do not try to identify the author.
- Do not reveal your identity in the review. (not your pseudonym, student ID or your name)
- Discuss the content only; avoid personal references.
- Your PDF file size is maximum 10 MB
- Please you may need to check your Junk Email folder to see if the PDF summary was delivered there.
- Please, when submitting your review, use the same author pseudonym provided in the email/summary when you receive the PDF summary for review. For example, you may begin your review by stating that you are reviewing the summary of the paper titled '[Title]' by '[Author Pseudonym]'.

Moreover, you should consider the following in your review:

- ★ Summary (3–5 sentences): What problem, what approach, what results?
- ★ Correctness & technical clarity
- ★ Strengths in the essay (list 2–3)
- ★ Weaknesses / Areas to improve (list some actionable suggestions)
- ★ Questions for the author about the main paper (2-3 specific questions)
- ★ Overall rating (choose one): Strong accept / Weak accept / Borderline / Weak reject / Strong reject (Note: this rating does not directly translate to the author's final grade)
