

The following links will bring you to websites that will give you access to images you can use for class free of charge and legally. **Important: Any copyright usage limitation notices on these pages, should be read carefully and followed!**

- <https://www.chamberofcommerce.org/findaphoto/> - uses a search tool that searches a few different websites for free and royalty-free photos.
- <https://stock.adobe.com/> You can filter it to show only the free material.

- [Archives of the Planet](#) - over 70K public domain century-old photos
- [FreeDigitalPhotos](#) offers both free & paid versions of images where the free versions are limited in size and require a link back to the photographer. Photos are categorized in detail & no registration is required.
- Although [FreePixels](#) isn't the biggest website, almost every photo included is high quality & beautiful.
- Image Abstraction - Free high-resolution abstract backgrounds, patterns, and textures.
- <http://www.everystockphoto.com/> is a website that indexes images from other stock websites.
- [Stockvault](#) is a stock photo-sharing website where photographers can upload any number of images & others can use them for free.
- [Historical Stock Photos](#) is a nice resource for finding, mostly black & white, historical photos.
- [US Government Graphics and Photos](#) - Most of these images and graphics are available for use in the public domain, and they may be used and reproduced without permission or fee. Be sure to check the copyright of each image before commercial use.
- [Lost and Taken](#) has great textured backgrounds
- [Helsinki Photos](#)
- [Art Images for College Teaching](#)
- [American Memory Collection](#): Library of Congress--click on "Photos and Prints" and check the "Copyright and Restrictions" section for each collection
- [American Memory Maps Collection](#)
- [Daguerreotype Portraits and Views 1839-1864](#)
- [Department of Agriculture Image Gallery](#)
- [Fish and Wildlife Service's](#) online digital media library.
- [Flickr Creative Commons](#)
- [Google Life Photo Archive](#) - Great collection but copyright and ownership belong to TIME
- [Graphic Maps.com](#)
- [Great Images in NASA \(GRIN\)](#)
- [History of Medicine](#)
- [Internet Moving Images Archive](#) (read Conditions of Use)

- [List of government sites with images to use](#)
- [Metropolitan Museum of Art](#)
- [NARA's](#) (National Archives and Records Administration) NAIL Search
- [NASA's Image and Video Library](#)
- [NASA Multimedia Gallery](#)
- [NASA's Planetary Photojournal](#)
- [National Parks Service](#)
- [Picture Collection Online](#) (New York Public Library)
- [NOAA Photo Library](#) (National Oceanic and Atmospheric Administration)
- [Open Clip Art Library](#)
- [Public Health Image Gallery](#) - use the search tool to find the disease you want to see.
- [Picturing the Century: 100 Years of Photography](#)
- [Library of Congress](#)
- [Training Reference: Images for Learning Materials](#) - **These are small images at only 80K each**
- [US Air Force Link: Photos and Art](#)
- [US Navy Images](#)
- [USDA Historical Photos](#)
- <http://publicdomainarchive.com/free-stock-photos/> - **Again, be sure the images you download are truly free to use. Sometimes ads for true stock houses are on these pages.**
- <http://www.wpbeginner.com/showcase/16-sources-for-free-public-domain-and-cco-licensed-images/>
- <https://www.vecteezy.com/> - offers a number of free images

- [\*\*UKBlackTech\*\*](#) Focus: POC in tech in the UK
- [Negative Space](#) is a beautifully curated collection of CCo-Licensed images for bloggers, artists, and small businesses. It has an easy-to-use search feature, and you can also browse images by tags and colors.
- [\*\*Public Domain Pictures\*\*](#) offers free high-quality images, graphics, and vectors for downloads. Images are sorted into categories for easy browsing.
- As the name suggests, [\*\*New Old Stock\*\*](#) features a beautiful collection of vintage photographs that are now in the public domain.
- [\*\*My Stock Photos\*\*](#) has a decent collection of hundreds of free stock images for blogs. Images are neatly organized in categories and can be downloaded in high resolution.
- [\*\*Pickup Image\*\*](#) offers a huge collection of public domain images. The site can be easily browsed through tags, or you can try the search. It also offers free clipart and graphics.
- [\*\*SplitShire\*\*](#) is a beautiful collection of photographs released under the CCo-License. You can browse the site by using tags, filters, or view images in the mosaic view.
- The Flickr account of [\*\*The British Library\*\*](#) showcases over a million illustrations, drawings, and works taken from 17th, 18th, and 19th-century books. All these works are released under the CCo-License and can be used anywhere without restriction.
- [\*\*LibreShot\*\*](#) features the works of photographer Martin Vorel released under the public domain.
- [\*\*PDPics\*\*](#) is a collection of free public domain stock photos. And it has a large collection of thousands of public domain images you can download and use in your blog posts.
- [\*\*Reusable Art\*\*](#) is a collection of thousands of vintage drawings, illustrations, and artworks. All works displayed on the website are under the public domain.
- [\*\*Skitterphoto\*\*](#) is a beautifully-curated collection of CCo-Licensed images. The site features works of their own photographers, so you will find less-used and unique photographs.
- [\*\*StockSnap\*\*](#) is a curation of beautiful free stock photos where hundreds of images are added weekly
- [\*\*Barn Images\*\*](#) is a collection of CCo-Licensed images. You can browse images in categories or tags, or you can search for keywords. All images are available in high resolution for free downloads.
- Taken by [Karolina Grabowska](#) from Poland, this beautiful collection includes great fashion and food stock photos. Copyrights: free of restrictions – do as you wish, but when possible Karolina kindly asks to give credit to the website
- [Gratisography](#) - Truly unique. Usually whimsy :) Always free. [PEACE OF MIND LICENSE](#) without copyright restrictions
- [Life of Pix](#) - A beautifully curated collection of free stock images by Leeroy, an advertising agency in Montreal. Any photographer can submit photos, but only superb ones are selected to be featured. Free of restrictions.
- [Startup Stock Photos](#) - These photos are awesome if you need to create or design websites for startups and entrepreneurs. free of restrictions – do as you wish (they would appreciate linking to their website though)
- [Picjumbo](#) - The website is an ad-funded website, so they kindly ask you to turn off your ad-blocker. They also have a premium option and even created a [Photoshop plugin](#).

- [StockSnap](#) - A great-looking collection of high-res free stock photos from around the web
- [New Old Stock](#) - Vintage photos from public archives recapturing history. Free of known copyright restrictions.
- [Picography](#) - This is a small hand-picked collection of photos taken by professional photographers. Free of restrictions
- [Albumarium](#) - You can browse through super-niche categories (called Albums) such as "Smokers" or "Blondes". Photographers can upload their own photos, and anyone can create a new album.
- [VisualHunt](#) - VisualHunt uses the Flickr API and searches Creative Commons photos.
- [Yay Images](#) - Get 10 free downloads daily when you create a Yayimages account.
- [Best of Stock Photo](#)
- [Freestock.org](#)
- [Large Photos](#)
- [Magdeleine](#)
- [Public Domain Archive](#)
- [Barn Images](#)
- [Good Free Photos](#)
- [Rawpixel](#)
- [ISO Republic](#)
- [Jeshoots](#)
- [Free Nature Stock](#)
- [PatternPictures](#)

Sites below are OK to use Images Commercially, **but be sure to see the regulations for each site's images for fair use.**

- **[MorgueFile](#) lets you download photos without registration & lets you use the images commercially provided that you alter them in some way and do not claim the image to be your own.**
- [PhotoRack](#) is a great resource for stock photos where all images can be used in any type of work. It surprisingly lacks one thing: a search function.
- [unprofound.com](#) is an awesome site that is run with an amateur spirit. There are lots of free stock photos to browse, they can be filtered by colors & they are totally free.
- **[Freerange Stock](#)** offers thousands of photos that can be used in commercial projects as well.
- [PD Photo](#) **has** thousands of royalty-free pictures.
- [America From the Great Depression to World War II: FSA/OWI 1935-1945](#)
