

I know that there can be a lot of questions when first entering a program. It can seem a little overwhelming at first, but we've tried to provide as much information as possible to help the transition. We typically hold a new player/parent meeting at the beginning of the year. We will be sending out some more information later on that meeting. Most of our communication happens through our SportsYou or Remind platforms. There are links to the information provided in this letter.

FOR ALL NEW PLAYERS: There are no formal tryouts for new players. We will assess all new players the first week of classes. If your player has previous experience or is a ranked or accomplished player, please contact Coach Hartman for a pre-season evaluation at: pflugerville10s@yahoo.com.

Here are a few things that you will need to be aware of going into next year.

1. **PHYSICALS:** Every player **MUST** have a physical completed before you can participate in any team activities. Please get this done ASAP, so when classes/practices do begin, you can start right away. Print this form and take it to your doctor or a walk-in clinic (such as MinuteClinic) to complete the physical.
