

## Social Consensus Software License

The Licensor, as well as the holders of Bitshares PTS or Bitshares AGS, shall have the right to enforce the terms of this License.

### Definitions

Value supply refers to the allocatable units in the software representing a quantifiable stake in the software.

ProtoShares "PTS" refers to value units of the Bitshares PTS software.

BitShares "AGS" refers to value units of the crowdfunding operation AngelShares.

Modified redistribution refers to distribution of this software with modifications in part or whole.

### License

Redistribution and use in source and binary forms of this product, with or without modification, are permitted provided that the following conditions are met

1. Redistributions in source code or binary form must retain the above copyright notice, this list of conditions and the following disclaimer in the documentation and/or other materials provided with the distribution.
2. Neither the name of Invictus Innovations Incorporated nor the names of its contributors may be used to endorse or promote products derived from this software without specific prior written permission.
3. All modified redistributions allocate at least 10 % of the total value supply units to BitShares PTS holders at genesis of the modified version. All BitShares AGS sponsored redistributions shall allocate a further 10% of the total value supply to BitShares AGS holders at genesis. The remaining value supply is allocated at distributor's discretion such that the percentages allocated to BitShares PTS and AGS holders do not decrease below 10% each throughout the modified redistributions' lifetime.
