

## **FIRST BAPTIST CHURCH HAVELOCK PRAYER LIST**

### **Let us stand firm on the Word of God and Prayer - 1 Thessalonians 5:16-25 (ESV)**

*Rejoice always, pray without ceasing, give thanks in all circumstances; for this is the will of God in Christ Jesus for you. Do not quench the Spirit. Do not despise prophecies, but test everything; hold fast what is good. Abstain from every form of evil. Now may the God of peace himself sanctify you completely, and may your whole spirit and soul and body be kept blameless at the coming of our Lord Jesus Christ. He who calls you*

### **Specific Praises and Prayers**

12/8/25 Michael & Bethany Wakefield: Carlos was discharged yesterday and they are home. Home is 1 1/2 hours from the hospital, though, so that is causing some angst for Zan. She is asking for prayers for rest for Carlos and a clear path into this new normal of Carlos having severely diminished vision. 12/7/25 Our college friend, Carlos Hidalgo, suffered a stroke 12/1/25. He will remain in the hospital until his BP is stabilized. His vision has been affected the most. He and his wife, Zan, are believers and are trusting God. But Carlos has been out of work for about a year and their medical insurance isn't great. Pray that they will continue to give God the glory through this trial.

11/30/25 John Bullock: Passed away. Please pray for the family.

11/25/25 Ray Derr: Ray is at home. His oxygen levels have improved. Please continue to pray for him and for Sara. 11/19/25 In the ER. He fell at home twice this morning.

11/24/25 Linda Jones: housekeeper's newborn granddaughter, Rosalee Rameriz is in the hospital with e-coli. Please keep her in prayer.

11/24/25 Tammy Smith: Is having stomach issues again.

11/23/25: Martin is home. No meal train. No visits. No phone calls. Asking for prayer.

11/19/25: Gail's best friend's daughter, Krysten, has been diagnosed with SCAD, a tear in the wall of the coronary artery. She's critically ill and in desperate need of prayer. Please pray for Krysten's salvation and God's intervention.

## General / Continued Prayers

### Weekly Update from Wycliffe 12/8/25:

Dear friends,

This week we worked on the consultant check of Ezra chapter 7. We will get our consultant's response soon.

Again the main part of our work was to revise chapters of Exodus. The translators revised Exodus 19:1-20:17. Kitchu was able to work ahead and has worked through Exodus 17 adding her comments. I was able to check through the work the translators did on Ezra 7 and Exodus 19:1-20:5. I checked changes the translators made, added comments to give suggestions and make corrections. A big part of my time is spent on translating the verses from Avokaya back into English. I had less time to work on Avokaya this week because of medical appointments.

This week I had five medical appointments, two physical therapy sessions for my hands. and three other check up type sessions. I was encouraged by the results of my eye appointment. My retina is healthy. The potential for glaucoma is still there, but there has not been a change in that issue this year. My main issue is dry eyes, for which I can use eye drops or hot compresses.

Next week will also be a challenge for me to keep up with the work the translators do. The small groups I am involved in will have their Christmas meetings. I have the final two physical therapy sessions, and will need to get my car serviced. There is an official two week break for Christmas and New Year. I am sure I can catch up during that time.

This week I was able to successfully send money to the translators to help them with school fees and rent. Praise God for that.

Thank you for your prayers.

Eileen
