We value our relationship with JUMP.

My son needs support at his job (assistance with transfers going to the bathroom) I would have thought the job coaching would have help with support or finding support with that.

Thank you . Support has been excellent .

THANK YOU! 😊

None as of now.

Great service

We have really enjoyed the process of working with LaShey. We absolutely love her and she has always tried her best to get us a great fit for the job.

She is professional and kind and and seems to always think of others.

Thanks for all your years of service!

Brandon was perfect for Erin! Always professional and helped her obtain and maintain a job that she enjoys! We are so grateful!

My son would not be employed without the services of Vocational Rehabilitation and, specifically, JUMP.

Personalized services provided to my son by JUMP throughout the entire process plus the connections and reputation JUMP has with employers are two major factors in his success.

Great summer work learning experience for our son. We appreciate the effort staff put into finding a work environment that would be a good fit for him.

I was so impressed with the patience of the JUMP team. They followed up on interviews and offered support. I will recommend them to anyone
