Benefits, Features, and Angle

What is VideoGameSuite?

A groundbreaking 'video gamification' cloud app that creates irresistible video lead games that explode you or your client's email marketing lists.

This modern marketing suite comes with agency rights allowing you to provide a much-needed service to small businesses and run a gamification lead agency.

Angle:

Traditional optin forms, lead magnets, and pop-ups are dead in 2021. Every day you use them, your agency clients are growing more frustrated because you're burning their money (and your own) letting traffic and leads slip away.

So what's working to build a list and get sales during this crisis?

The answer is video gamification.

See, when a visitor is confronted with a chance to win something i.e. like when playing the lottery, the perceived value of the prize goes up tremendously.

Combine that with eye-catching graphics and video and now you have something that will build an email list ultrafast!

VidoGameSuite is the first 'video gamification' marketing app that creates lots of irresistible, lead generation games to skyrocket leads & sales today.

Features Written Out:

Create Different Style 'Video Lead Games'- including CraneClaw, VidScratch, Memory, SlotMachine, & much more for insane opt-in rates

Advanced Drag/Drop Interface - lets you easily create customizable games and video thankyou pages with logos, videos, CTAs, & more.

Add Videos w/ DFY Hosting - encourage visitors to hand over their best email address and contact info in exchange for their prize w/ you or someone else's video

Triple Opt-in Rates w/ Psychology- gamification is proven to significantly boost opt-in rates, which means significantly more results for you & your agency client

Customize Win Probability- create different game lead prizes & the chance someone will win a game from 0-100%

Mesmerizing DFY Templates - customize games from DFY templates or from scratch w/ the 'blank canvas' editor

Advanced Game Customization - make your lead games come to life with 100s of fonts, emojis, animations, images, sound effects, & more

Agency + Commercial Rights Included - sell the lead games at any price or sell access to the app for a 4-figure monthly fee.

& so much more like...

- + Well supported (on its 2nd version!)
- + Fully Mobile Friendly
- + Autoresponder Integration
- + Works with Any Page Builder
- + Deep Analytics
