SUMMARY OF QUALIFICATIONS

- Low and high-level software development skills, able to comfortably manage both front-end and back-end, working from abstract, non-technical project requirements
- Extremely high level of computer literacy, able to easily diagnose and troubleshoot system issues, extensive practical knowledge of computer hardware and software
- Excellent communication and planning skills with my coworkers and superiors

EDUCATION

University Name Here, XYZ College of Arts & Sciences

Somewhere

Bachelor of Science in Computer Science

Summer 2023

- Financed 80% of tuition costs with XYZ Scholarship

TECHNICAL SKILLS

- **Programming Languages:** Java, C#, C/C++, Python, HTML/CSS
- **Frameworks:** Spring, Unity
- **Developer Tools:** Git/GitHub, VS Code, Visual Studio, Eclipse

PROJECT EXPERIENCE

Open Source Software

Oct 2020 – Present

- Contributed to XYZ, an open-source simulation video game coded in C++ with 10k+ stars on GitHub
- Provided numerous bug fixes that were accepted into the main branch, as well as independently experimenting with new features
- Learned how to quickly become acclimated to large code bases, and determine where to focus in code to solve specific problems

College Software Development Course

January 2019 – May 2019

- Frequently served as a project team leader and developed new applications on a weekly basis
- Served as lead developer on final project, involving developing a 2D game engine using JavaFX (received A)
- Have since further expanded on final project in my own time, adding additional games

College Software Engineering Course

January 2021 – May 2021

- Served as co-developer on a semester-long web development project, creating a large bookstore web application
- Utilized HTML, CSS, JavaScript, SQL, and the Spring framework to develop the website
- Received an 'A' in the course and on the project

ADDITIONAL EXPERIENCE

Technology Specialist

Somewhere

XYZ High School Band Program

July 2021 - February 2023

- Designed web pages, including both cosmetic front-end work and development and maintenance on the back-end
- Repaired various devices, including soldering work

College Dining Services

Somewhere

September 2018 – March 2020

- Operated numerous retail outlets, usually without help, controlling day-to-day activities
- Developed communication skills in regard to planning around complex class schedules, and organizing shifts with my coworkers and superiors
- Frequently adopted to new tasks without training, through communication and adaptability

OTHER SKILLS

- Technology communication, able to explain difficult concepts in easy-to-understand terms
- Fast learner, able to quickly acclimate myself to new concepts and systems and apply my current knowledge to new areas
- Background in music, familiar with MIDI systems and at home with audio system programming
