Ketzel's Song performed (only 21 seconds):

<https://youtu.be/DhFpPG2Ty2s>

Resources/Activities:

- Using any instrument (tap different things with a pencil or rap with your voice if you don't have an instrument handy) compose a short song.
- Try composing music online. I didn't get past the "Beat Lab" at [free-online music-making for kids](#). Too much fun!
- There are more than [1000 cat crafts to choose from on Pinterest!](#)
- Collect food for homeless cats like Ketzel. Maybe even bring one home to discover their special talent! :)
- Attend a concert. Talk about which music you liked and why.
- Discuss the pros and cons of different pets.
- Writing Prompt: Write about your pet's secret talent.
- Research different types of cats.
- Have the students close their eyes. Play all of the sounds below and have the students describe what they are hearing.

****A rollercoaster, the crash of ocean waves, a thunderstorm, the roar of fireworks, a freight train, and any other sounds you can think of!**
