COURSE DESCRIPTION

Students will meet review information provided through powerpoint presentations, imovie and will complete related assignments during study groups. This will constitute 50 hours of educational and study sessions that are necessary for this certificate.

OBJECTIVE

The purpose of this certificate is to enhance your growth in your personal relationship with Jesus Christ.

The Biblical principles you learn will need to be **applied first** to your own life. This course will equip you lead others to Christ through discipleship. You will develop basic understanding of the Biblical purpose of discipleship. You will also gather and construct resources that will support your work for at least six months. This course was designed to expose leaders to recent research in the field. Each student will be required to complete 50 hours of coursework from the Seminary before we will grant this certificate.

At the completion of this course you have a complete portfolio/resource file that will serve you as a guide to forming and teaching discipleship groups.
