

To make a submission to an assignment from the web platform, students can:

1. Click the assignment for which they'd like to make a submission.
2. Click **Submit Assignment** in the **Submissions** area in the right column.
3. Select one of these options:
 - **Upload:** Select a file saved to the computer.
 - **Create:** Create a document on the web using the text editor.
 - **Resources:** Select a file from the [My Resources](#) area or from a [Resource App](#).
4. Click **Submit** to finish.

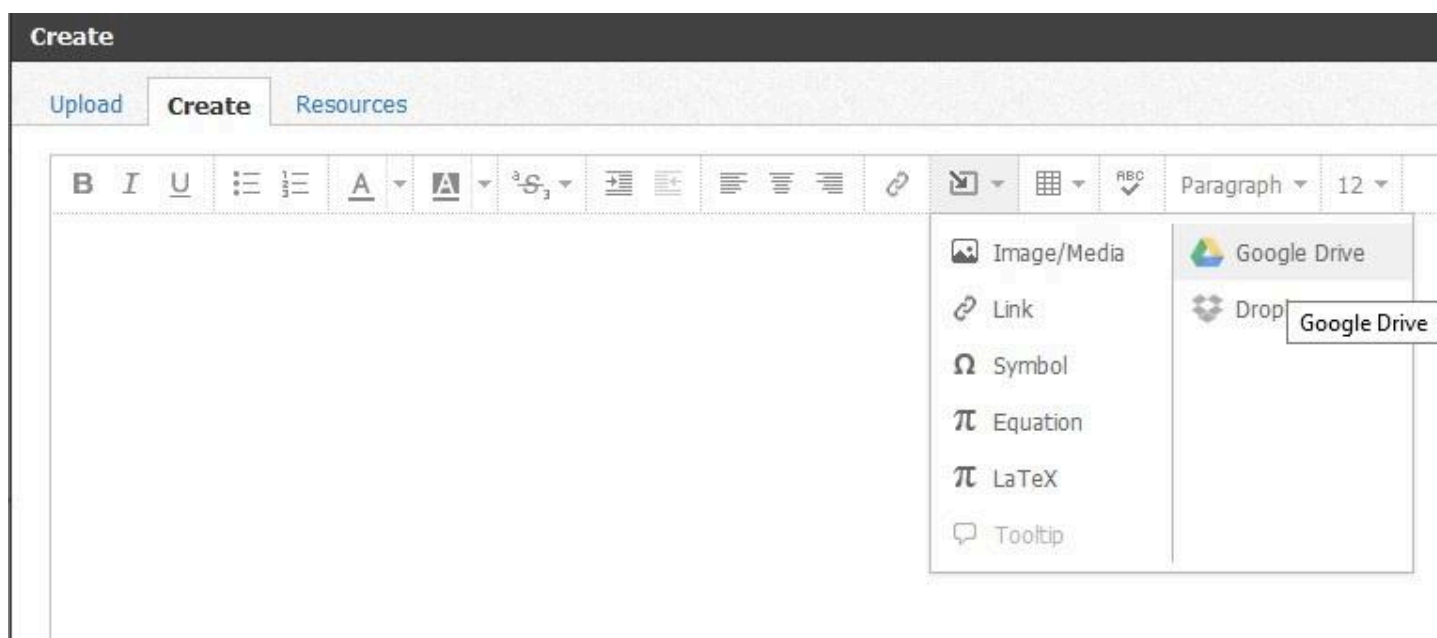

The screenshot shows a modal dialog titled "Upload" with a close button (X) in the top right corner. Inside the dialog, there are three tabs: "Upload" (selected), "Create", and "Resources". In the top right corner of the dialog, it says "Revision 2". Below the tabs, there is a horizontal bar with two icons: a document icon and a pencil icon. Below this bar is a text input field with the placeholder text "Add a comment (optional)". At the bottom of the dialog, there are two buttons: "Submit" (in blue) and "Cancel" (in grey).

Using the Google Drive or Microsoft OneDrive Resource Apps to Submit Assignments

Students can also submit materials to an assignment using the integrated Google Drive or Microsoft OneDrive for Business resource apps, which they can access from the **Resources** tab. To submit, student select the file in their Google Drive or OneDrive, click **Import**, and then select **Import File**:

It is additionally possible to submit from Google Drive and OneDrive from the **Create** tab, using the **Insert Content** menu in the Rich Text Editor:

Schoology strongly recommends that students use the **Resources** tab workflow to submit Google Drive and Microsoft OneDrive content. However, if they do submit via the **Create** tab, they can **only** successfully submit content by choosing **Import Link** in the **Insert Content** menu:

Using the Google Drive or Microsoft OneDrive Assignments App to Submit Assignments

If the instructor connected an assignment with the Google Drive Assignments App, students can submit on the web version using the workflow outlined [here](#) or below

Student View

The student view of the Google Submission Assignment displays the **Assignment** and **My Document** tabs.

Note: If the student view is not displaying, ensure that [3rd party cookies are not being blocked](#) on the devices and/or browsers used to access Google Drive assignments.

Homework 5.20

Assignment

My Document

Description

Due: Tuesday, June 20, 2017 at 11:59 pm

- 1). Read Unit 4 in your Geometry textbook
- 2). Watch the attached video on Geometry Proofs IRL
- 3). Complete the Conditional Statements Worksheet, attached.

- The **Assignment** tab displays the Assignment **Description**, including the due date. If you're using a rubric to grade the assignment, it also displays in this tab.
- Students must click the **My Document** tab to generate their copies of your Google Drive file.

From the Chromebook Web App

To make a submission to an assignment from the Chromebook web platform, students can:

1. Click the assignment for which they'd like to make a submission.
2. Click **Submit Assignment** in the **Submissions** area in the right column.
3. Select one of these options:
 - **Create:** Create a document on the web using the text editor.
 - **Resources:** Select a file from the **My Resources** area or from a **Resource App**. If the student is using Google Drive, simply check the Google Drive file you'd like to use and click **Select** to import the file to the assignment.
4. Click **Submit** to finish.

Note: Do not select **Upload** when submitting from a Chromebook—when you select this option from a Chromebook it draws directly from your Google Drive account which will not allow you to attach a file created in Google Drive unless there is a version of the file saved to the device (indicated by displaying a file size). Student can submit Google Drive files through **Resources** and from the Google Drive Resource App.

From the iOS App

For more detailed information on how to review and submit course assignments on the iOS application, see [this article](#).

To create a submission from the iOS application, students can:

1. Tap the assignment for which they'd like to make a submission.
2. Tap the **+** icon on the top right.
3. Select the option to **Create Submission** or **Submit Photo/Video**.
4. Write an entry for submission, or add a photo or video.
5. Tap **Submit** to complete.

Students may also submit files saved to other applications on the iOS device. To submit a file to an assignment, students can:

1. Access the third party application where they saved the file (Mail, Dropbox.com, etc.). This application must support the **Open In...** feature.
2. Access the file to submit to the assignment.
3. Tap the file, and select the **Open In** feature that appears at the top.
4. Select the option to **Open in "Schoology."**
5. If already logged in to Schoology, they can select the course in which the assignment exists.
6. Select the course, and select an assignment in the course.
7. If the submission is successful, a success message displays.

From the Android App

To make a submission to an assignment from the Android application, students can:

1. Tap the assignment for which they'd like to make a submission.

2. Swipe left to access the **Grades/Submissions** area, or tap the downfacing arrow in the header and select **Grades/Submissions**.
3. Tap the **+** icon on the top right.
4. To upload a submission from the device, select the option to **Upload Submission**. To create the submission from the application, select the option to **Create Text Submission**.
5. To save a created submission as a draft, check the **Draft** box.
6. Tap the arrow in the top right to complete.
