ABSTRACT

Abstract is written concisely and factually, includes the purpose of research, the method of research, the result and conclusion of research. Abstract is written in English and Indonesian language, max. 300 words in one paragraph, font Times New Roman 10.

Keywords : Keyword 1, Keyword 2, Keyword 3, Etc

Introduction (Times New Roman, bold, 12)

This section contains the background or context of the research, research problems, research solution plans, research objectives, summary of theoretical studies related to the research problem, and hypotheses (if any).

The subtitle is centered in capital letters at the beginning of each word except for conjunctions (Times New Roman 12, bold). For sub-headings, it is written left-aligned with capital letters at the beginning of each word except for connecting words. For the third level subtitle, it is written in capital letters and in bold, only at the beginning of the sentence, and so on.

Method (Times New Roman, bold, 12)

Lorem ipsum dolor sit amet, alii idque ea usu. Contains the type and research design, research variables, population and research samples, data collection methods, data analysis methods (can be adapted to the research approach used, quantitative or qualitative).

Results (Times New Roman, bold, 12)

The results are adjusted to the research approach. If the quantitative research approach consists of descriptive statistics, the results of the assumption test and the results of hypothesis testing are then analyzed critically. If the qualitative approach is in the form of themes from the results of the qualitative analysis carried out.

Discussion (Times New Roman, bold, 12)

The discussion section reveals important findings that need to be discussed and reviewed, supported by the results of previous research and findings that need to be discussed in a more descriptive manner.

Conclusion (Times New Roman, bold, 12)

The content of the conclusion is the answer to the research objectives, not a summary of the research results. Conclusions and suggestions are made in a concise, clear and concise manner based on the results and discussion.

Acknowledgement (Times New Roman, bold, 12)

Acknowledgments to those who were involved or who supported the implementation of this research and preparation of the proceedings.
