

# Student Zoom Video Conference

If using Zoom, your teacher will share a link in Google classroom for you to join the video conference.

Click on the link to join the Zoom video conference. Do not sign up with email. Sign up using your school Google account. Scroll down to see the Google Sign in option.

A download will occur when you first go to Zoom. This will be an .exe file located at the bottom of your screen. Click on the .exe file to open or click save then click run to run the file to open Zoom.

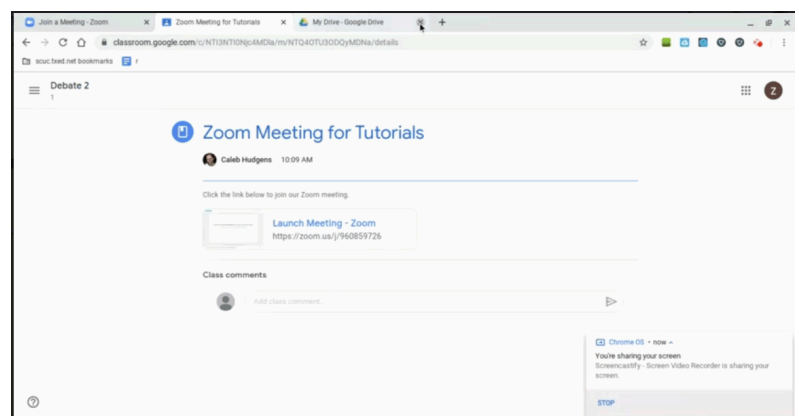

If you are on a chromebook you will be asked to install Zoom from the Chrome store. Click to install in order to use Zoom.

Be sure to have video on if you want to be seen and your volume is turned on. To check your volume on a laptop, click the sound icon on the bottom right of your computer. Turn volume up.

Your teacher will share a link in Google Classroom.

Click the link to join the zoom meeting. Choose to join with video if you have a camera. Otherwise you can join with audio only.
