

Tasks 1 & 2:

Give your internet search skills a score out of 10:

List the 10 things you did to search:

- 1)
- 2)
- 3)
- 4)
- 5)
- 6)
- 7)
- 8)
- 9)
- 10)

Compare your ten things to these ten things: [here](#)
How did you get on? What was your score?

What about before you even start searching? Do you sit and reflect a little on the kinds of specific keyword combinations that will give you the best possible results for what you are looking for?

Write a journal entry entitled 'My Search Behaviour'. Be honest about what you learnt from the list above by comparing your search behaviours.

MY SEARCH BEHAVIOUR:

Task 5: (come back to this later)

How I Plan to Refine (change) my Search Behaviour:

Task 3:

View this video: The Internet: [How Search Works](#)

Read this Smart Google searching summary: [here](#)

Task 4:

Record your thinking while you are doing the search task: ***Who Knew There Were So Many Caterpillars!***

My search details:

What I got in my search; What I noticed:

caterpillar	
caterpillar+_____	
Anything else you want to try?	

Task 5: (Journal entry under the first one)

Task 6: Your learning and your table can be inserted here, or create your own document.

Task 7- 10: Create a '**Refining Your Searches Guide**' for others to use. Share it, discuss it. Come back to your creation and edit based on the feedback you got from the discussion. Once you have edited it, share it on your blog and beyond!
