

Required Steps to be added to SchreckNET, and CreepNET, or RatNET

The google group is located here: <https://groups.google.com/forum/#!forum/schrecknet-owbn>

Step 1: Fill out the form below:

Schrecknet Registration

The form will have the following questions (Your ST staff will be asked to verify):

-PC Name:

-Player Name:

-Home Chronicle:

-I Verify this PC is a real Nosferatu and has Computer x1, SchreckNET Lore x1, and Warrens Lore x1.

-Would you also like to be added to CreepNET or RatNET?

*If you want your PC to be on RatNET (for non Sabbat) or CreepNET (for Sabbat), your ST staff will also be asked to verify your PC's topside affiliation.

Step 2: Your ST staff will be asked to verify the information you have submitted. Once verified, the PC will be added to the lists.

Email any questions you have to:

Noscoords@googlegroups.com & moderator.owbnschrecknet@gmail.com

Double O & Perfect Infiltrator PCs: Please send a private email & cc your ST staff and alert us to your PCs special circumstances before you join any IC list. Perfect Infiltrator's must already be registered as R&U and have prior Coordinator approval.

Can PC's be on both the CreepNet & RatNet at the same time? ONLY If your PC has been approved as a Double O by the Coordinator and arrangements have been made in advance of your application to the secondary list.

Please note that non-technophile PCs are not able to read archives or access the group for SchreckNET: This is because ICly, SchreckNET is NOT a standard google group and only verified technophiles can access SchreckNET archives. This requires a test from their peers (to be run IC) as well as requirements listed in the packet. Please read the SchreckNET packet for further details.

Double O & Perfect Infiltrator PCs: Por favor, envie um e-mail privado e envie uma cópia para sua equipe de ST e avise-nos sobre as circunstâncias especiais de seus PCs antes de ingressar em qualquer IC Lista. O Perfect Infiltrator já deve estar registrado como R&U e ter aprovação prévia do Coordenador.

Os PCs podem estar no CreepNet e no RatNet ao mesmo tempo? SOMENTE se o seu PC tiver sido aprovado como Double O pelo Coordenador e os arranjos tiverem sido feitos antes de sua inscrição na lista secundária.

Observe que PCs não tecnófilos não são capazes de ler arquivos ou acessar o grupo para SchreckNET: Isso ocorre porque ICly, SchreckNET NÃO é um grupo padrão do Google e apenas tecnófilos verificados podem acessar arquivos SchreckNET. Isso requer um teste de seus pares (para ser executado no IC), bem como os requisitos listados no pacote. Por favor, leia o pacote SchreckNET para mais detalhes.

Por favor, fale com seu CM ou HST para adquirir o Pacote do Clã Nosferatu.
