Your Personal Style

Overview

In this project you will **define** a goal for your personal web page, then **prepare** to develop your page by designing it on paper, then **try** out your new CSS skills by developing the page, then **reflect** on your process.

Your page will show that you can...

- Design a page to reach a goal
- Use CSS to style a site
- Write readable code

Step 1: Define - State your Goal

What aspects of your personal style would you like to share with the world?

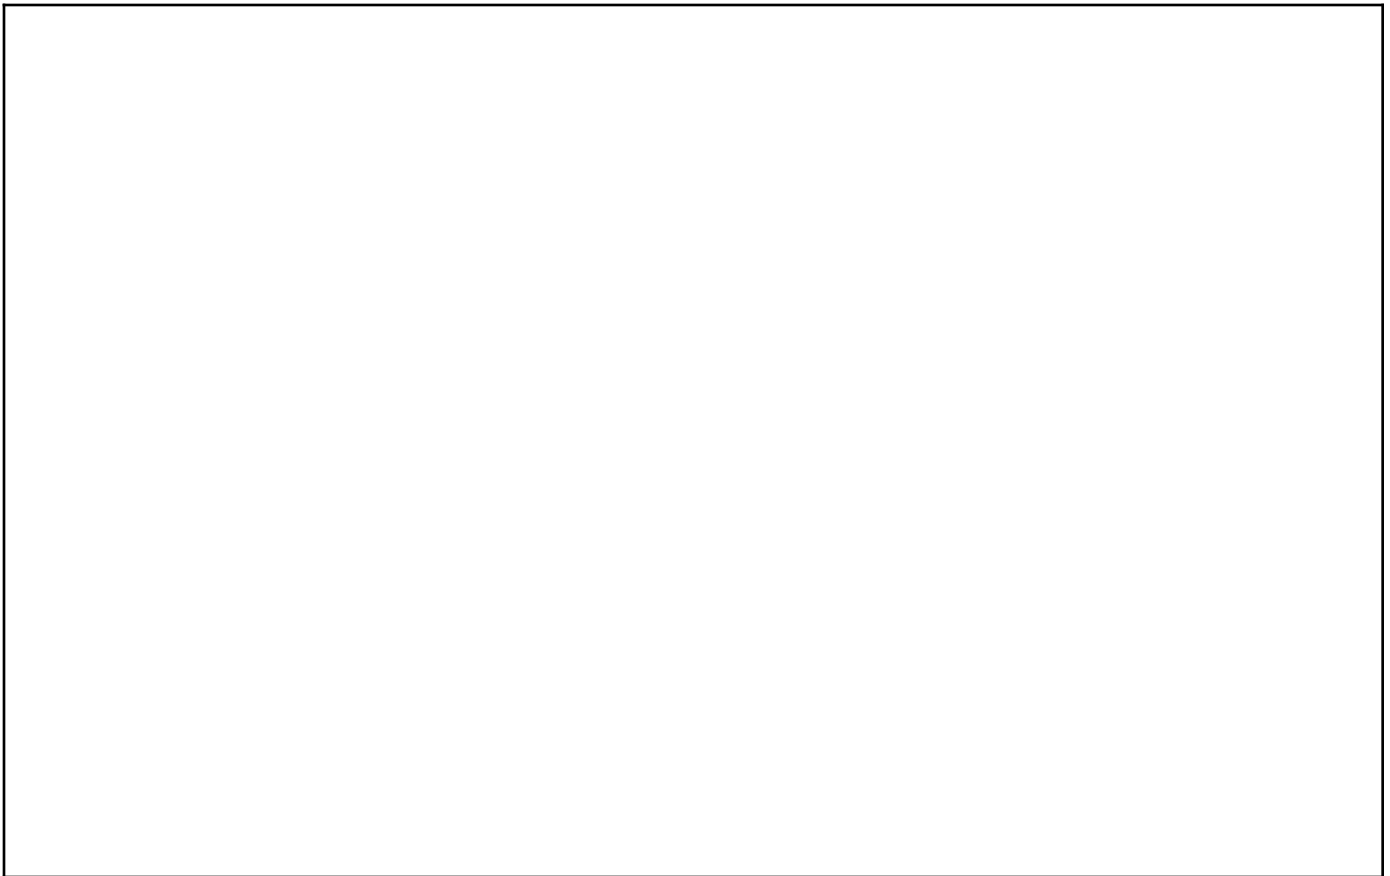

Step 2: Prepare - Design your Page

How can your web page design communicate your personal style?

What content is important to include in your webpage?

How should the content be styled?

Sketch your page below.

What CSS Properties will you need for your page?

Step 3: Try - Create your Page

Once your teacher has approved your design, log onto the website and create your page in Web Lab

Step 4: Reflect

What is your favorite thing about your website?
