

Next Steps

Date 11/20/24

Tonight the Curriculum Committee welcomed Joe Kellner and Grace Leavitt to the team.

Our agenda tonight included secondary principals sharing their fall data of iReady and NWEA. Each principal shared their plan of action and process to involve staff.

Each school's plan is on the minutes posted on our website.

In January, the committee will be hearing from our Literacy and Math Coaches detailing the work they do across the schools.

Christine Hesler will also provide an update on HOW data and the process to align the secondary schools.
