

**Who am I talking to?** People who need a sense of guidance but don't know where to go. This person wants to become very rich by using copywriting.

**SL:** How to get rich in 30 days...

Hey {insert name}, if there's one thing I'm big on  
It's investing time and money into developing a dream life,  
You know driving fast Lambos and getting the chance to  
Fly anywhere in the world simply because of one dedicated action.  
But...

I get it.

Not everyone has the money to risk in courses and self-development.

So today,

I'll be giving my biggest TAKEAWAYS with the experience

Of spending over 10k in courses.

### **1. Networking with other like-minded individuals.**

Having the ability to network with other students helped  
me gain valuable lessons I never would've discovered

Why is this crucial?

Because .... the feeling of brotherhood helped me feel more  
focused on getting my work done as well as having

important questions answered.

## **2. You Are What You Eat (not literally)**

Plenty of successful people have said this one phrase

Millions of times.

But... It is actually true.

If you spend a bunch of time doing one thing

Eventually, you will become a beast at doing that thing.

Now, imagine if you spend 100s of hours in a course

That teaches you how to make \$\$\$.

## **3. A Sense of Guidance**

Having somewhere to actually implement your copy

And get it reviewed by more experienced people was a

The big thing that helped me become a FIRE copywriter.

When they review your copy skills, you not only get to learn

From mistakes but also get to ask questions. (which is one

of the biggest ways to learn).

*By implementing all of these things in courses you are able to*

*Get filthy rich. It's just a matter of time.*

*"But [insert name] I don't have 100s of \$\$ to waste*

*On a course/mentor”*

*Well, Lucky for u [name of recipient] I have spent*

The right amount of time so you don't have to.

[With this, you will become a banger copywriter](#)

This FREE program is exclusive to only

Those who are serious about making it big.

I must say you have made it to the right place

Best regards, [name]

PS: If you, [recipients name], have any questions

Just email me and I'll make sure to get back to you.

SL: Now Is YOUR time....

About 50% of humans don't know how to ride a bike...

Why?

Well, what does it take?

Both time and effort.

Most people go through life expecting it to be easy.

And as a result, miss out on opportunities to become something.

To create a legacy!

Anyone can start making over \$10k/month.

But they don't....

Why?

Because of the sacrifices REQUIRED to take place.

Which is why

I have spent a lot of time building something for you.

Consider it as a sense of guidance.

[Here it is](#)

This course is worth around \$1000

But

I will give it to you for FREE.

If you were waiting for your time to come

Well, now is the time.

GoodLuck
