Kit Names Here		Ausmasthorn	LH solid calico, high white spotting, bobtail.	Argentripple	LH lilac mackerel tabby, low white spotting, carries solid and colourpoint.

Kit Names Here		Bearears	LH black ticked tabby, medium white spotting, carries colourpoint.	Primrosepetal	LH flame point, carries solid.
----------------	--	----------	--	---------------	--------------------------------

extras:

- FALLOW + HAWK KITS (in snakeclan currently)
  - racoonkit -> LH blue mink point bicolour (chocolate)
  - batkit -> LH seal mink point bicolour (chocolate + dilute)
  - beaverkit -> LH chocolate mink point bicolour (dilute)
- Ouncespirit's [powers](#) = When on hunting patrols in leafbare, they will catch an extra piece of prey, as well as protect the patrol from any potential predators. Also, they will reduce the amount of kitten deaths during kitting in leafbare.
- midnight's [original image](#) cuz i love it that much
