Noob: ...So far so good!

[...Another flight of stairs, and hes met with a different reconstruction of the same room. The noob saw over 90 flowers in one pot, except for one that was on the ground, s

[...Another flight of stairs, this time, the floor is littered with chairs, all broken or missing a leg, falling over onto one chair thats...surprisingly metal.]

Noob: [...As it slowly reaches another flight of stairs, it goes limp, presumably “attempting” to rest after a long walk upwards.]

?: [It was decided now, that she would strike.]

?: [Time passes, The figure straps the noob on what seems to be an empty medical bed.]

?: [Then, the same unknown figure in the Noobs haziness injects...something. Into the restrained noob.]

?: *Im supwised that even a NYEWB is out here of all pwaces.*

Noob: z0mg h4x!!!

[The Noob Struggles to get out of the bed. The figure watches in pleasure as he keeps attempting to escape the confinement.]
