

#### Statement on Safe Progression of Work During COVID-19

- To the extent possible, all planning meetings will be held online;
- Multiple planting days may be scheduled so that it is possible to ensure proper social distancing among volunteers;
- All volunteers will be required to answer 3 COVID-19 [screening questions](#) prior to the start of the volunteer activity;
- All volunteers will be asked to review a 12-minute video: [COVID-19 Safety Training for Outdoor Volunteering](#);
- All volunteers will be given a list of safety protocols to follow prior to attending a planting event, including, masking, social distancing, not sharing tools that have not been sanitized, etc.;
- One member of the staff or board will be appointed to observe that social distancing and masking protocols are being followed at all volunteer events;
- NeighborSpace will ensure that all tools and gloves are sanitized between uses and that there is hand sanitizer available on site.
