

In 1989 Motorcyclists in Oregon Formed a Political Action Committee.

After years of rallies and demonstrations against government mandates and over-regulation, action-oriented motorcycle riders formed BikePAC of Oregon to take the fight directly to the legislature.

What Issues Does BikePAC Work for?

Any issue affecting Oregon's motorcyclists is of interest to us. We have:

- Reduced police harassment by creating a plain English statute defining a motorcycle helmet using simple easy to understand criteria.
- Has supported increasing the Team Oregon rider education program's funding so new and experienced riders will have skills needed to ride safely.
- Eliminated handlebar height requirements for motorcycles so custom bikes were not profiled for extra law enforcement scrutiny.
- Gotten a Disabled Parking Sticker option made available for disabled riders.
- Changed Oregon's "no self service" fueling law so motorcyclists have a legal option to fuel their own tanks at Oregon retail gas stations.
- We will continue to fight for the right of individual adult motorcyclists to choose whether or not to wear a helmet.

Activism for Motorcyclists by Motorcyclists.

BikePAC educates riders in grassroots political involvement and lobbying. Our "Biker Day" events at the state Capitol are both effective and fun. Motorcyclists and legislators look forward to these events organized by BikePAC. BikePAC is one of the best volunteer-based Political Action Committees in Oregon history.

Motorcycles -- A Public Asset, not a Public Burden.

Motorcycles are not only a way of life; they are the future for road-based single-occupant vehicles. With virtually no road wear, and reduced fuel consumption and lane volume, motorcycles are the solution to urban traffic congestion. BikePAC's goal is to make road use easier and safer for the motorcyclists of Oregon.

Freedom -- For Pennies a Day.

If you ride a bike in Oregon, BikePAC has helped you. BikePAC is critical to your freedom to choose motorcycles for your transportation in the future. You have already benefited from BikePAC's efforts. Just think how much more we could do with your assistance.
