##### **1. Introductions**

Melanie kicked off the meeting and the group did introductions in the Group Chat.

##### **2. Background / History**

Melanie provided background information on [Protect Our Homes and Hills, Hills For Everyone](#), and the two Yorba Linda projects they focused on: Cielo Vista and Esperanza Hills.

##### **3. Settlement Agreement**

Melanie reviewed some of the basic settlement agreement facts and then focused in on the new Fire Safe Council. It will be limited in scope initially, but will have room to grow if wanted after the settlement agreement is fulfilled. While anyone and everyone can attend and learn something, the core geography will be Casino Ridge, San Antonio, Via del Agua, and Stonehaven loops, plus Cielo Vista.

##### **4. Admin Tasks Overview**

###### **a. Organization Name**

This is something that must be decided so that nonprofit applications must be submitted, a bank account can be established, and a PO Box set up.

###### **b. Non-Profit Establishment**

We reviewed the types of activities that must be undertaken to become a non-profit. These include:

- i. Bank Account
- ii. P.O. Box
- iii. Agent of Service

- iv. Filings
- v. Website
- vi. Articles of Incorporation
- vii. Logo Design

**c. Officers Selection**

This will need to be done eventually, but not yet.

**d. By-Laws Creation**

The California Fire Safe Council has examples of By-Laws the group can use.

**5. Fire Safe Council Activities**

**a. Work Plan**

Doug provided an overview of the plans that have already been created and the ones that will be done under this new non-profit.

Task 1: Set up a CWPP (Community Wildfire Protection Plan).

- i. To work together for community support and coordination for the region
- ii. Orange County created a CWPP for hillsides. Work broad to narrow.

Task 2: develop supplements to existing protection documents to reflect this local specific needs.

Task 3: Prepare educational materials for current and future residents. Must be kept up ongoing.

**b. Timing**

Doug anticipates having materials ready for review in January.

**6. Q&A**

- Steve: What can residents help with?
- Will: A thought for prevention or safety: what types of PPE should people have on hand? Build / generate awareness.
  - Melanie: invite topical experts to present at these meetings
  - Get a checklist of preparation and responses to share
- Claire: Carbon Canyon FSC has experts and agency reps at that meeting. Attendance is open
  - Invite them to this one to share lessons learned

- They do a fuel mod day / brush clearing
- Steve: Does Sheriff have an evacuation plan set up?
  - Claire: They were working on it, but doesn't know if it's approved. It's complex.
- Will: Others in Cielo Vista are concerned and would like to participate; he'll help get the word out.
