

Away From Here: deep in the Vortex

Intro (V)

Cutting images from a picture book,
Don't read the writing,
Lest it shape your thoughts

Construct a vision from the pages of these books,
Mapping out choices,
Wherever I look

Chorus

Going somewhere,
'Way from here,
That blank white canvass,
Will soon disappear

Short instrumental (V)

Walk in the landscape to shape me a crown,
Gathered in Eden,
On the outside of town

Chorus

Full instrumental (VVC)

Deep in the Vortex building our lives,
Cardboard and scissors,
Then it all comes alive

Chorus (repeat al coda)
