Where can I find a petition form to print and what's next?

- Follow this [link](#) Maryland's petition form.
- **Complete the top section** by filling in the appropriate Congressional District, County (or City), **depending on where you'll be collecting signatures**. **Each sheet should represent a single Congressional District, and all signatures collected on that sheet should be from that district only.**
- **Fill in the following information in the appropriate spaces:**
 - **Name:** Andrew Yang
 - **Address:** 393 West 39th Street #204 New York, NY 10018
 - **Party:** Democratic
- Print a copy and then go out and collect some signatures! Please put only ONE county's voters per petition sheet.
- When collecting signatures, make sure you encourage people to write legibly and they use the name as it appears on the voter registration. The cleaner our petition forms are, the higher the likelihood of signatures being accepted.

- Scan or take a photo of each sheet and email to petitions@yang2020.com
