REMINDER: MAJOR SPOILERS AHEAD
FOR ALL STARS SEASON 4 OF RUPAUL'S DRAG RACE

SPILLED T FOR AS4

/u/noextrai - (circa Aug 13)

- "RuPaul saves Valentina after both people have her name on the lipsticks"
- "Maybe they will make it into a challenge on @RuPaulsDragRace like how they did with the girlgroup challenge in AS4 when they makes the teams write a song about SLM a la AAA Girls' Heather song. 🍷"

Anonymous Source 4 [aka /u/theruvengEOFher] - (Jul 29 to Aug 20)

- Valentina doesn't make top 5
- Ru treats Valentina favorably, hoping she pulls through, but Valentina flops hard
 - landing in the bottom 2-4 times
- Monique does better than [pre-season expectations]
- Monét is kinda just there (doesn't win much, is safe a lot), doesn't stand out until half way
- Depending on edit, Trinity could be the villain of the season as she sends the most girls home
- Ep 1: Talent show, Trinity wins the first LSFYL against Monique
 - and sends Jasmine home
- Ep 2: won by Valentina against Gia
 - Farrah and Monique are bottom

- Valentina says in deliberations that she wouldn't send Farrah, a friend who she loves, home [the conversation does go this way but she makes no pledge] but (gag!) she does it anyway.
- The moment between these two will be big and gag-worthy
- Ep 3: Snatch Game, Trinity wins again
 - and sends Gia home
 - Gia brings up Trinity's [claimed] transphobic past in front of the judges [will this air, not known]
 - Gia feels like she doesn't get the same treatment as queens like Trinity, Val etc. She feels they're treating her differently because she's trans, and she lets Ru know it [not aired but Gia confirms the conversation occurred on Race Chaser]
- Ep 4: Monique sends Latrice home
 - over Monét
- Ep 5: all queens come back
 - Latrice wins the returning queen challenge
 - Valentina and Farrah are paired [for the returning challenge? no detail provided]
- Latrice sends Valentina home [episode# not provided]
- Ep 6 or 7: Makeover is won by Naomi
 - who sends Manila home
- Latrice leaves after Manila in Ep 7
- Top 4: is Naomi, Monique, Trinity and Monét
- Top 2: is Trinity and Monét
- Queens were not brought back for additional filming or a finale episode [after the returning challenge]
- The finale twist may involve queens from past seasons

u/Offsetbuthastea - (Aug 19)

- The first episode is the talent show.
 - Trinity and Monique are the winners
 - with Trinity doing a tucking tutorial
 - and Monique doing a number to her own track.
 - Jasmine is sent home.
- Second episode is a dancing moment or something like that I think.
 - Gia and Valentina were the winners
 - with Valentina sending home Farrah Moan over Monique.
 - Apparently there's another iconic you don't love me moment.
- In episode 3, the roles are reversed
 - as Valentina and Gia are in the bottom
 - and I think it was snatch game.
 - Manila and Trinity are the winners
 - with Gia going home.
- The next episode the tea was very minimal
 - but I do know that Monique wins
 - and sends home Latrice over Monét.
- In the next episode after what Willam has posted is very true.
 - Valentina did deserve to be put in the bottom
 - but in the biggest rig yet Monét and Naomi both pick her name but nobody goes home.
- Then the eliminated girls return
 - and need to battle against the girls who sent them home for a chance to return.

- Latrice wins but refuses to send home Monique.
- The next episode happens and Valentina is in the bottom a third time
 - with Latrice sending her home.
- Then Naomi in the next episode apparently sends home Manila with her reasoning being that she was competition.
- As far as I know the top 5 had a makeover challenge
- and I believe Monique or Latrice were then eliminated but I'm not sure which ones.
- But for sure the top 4 has Naomi, Trinity and Monét.

u/jakeyoncetv - (Sep 30)

- Jasmine is the first eliminated
- Valentina is Eartha Kitt for snatch game
- Angel/wings runway
- Monique eliminates Latrice
- Latrice returns
 - and eliminates Valentina
- ~~Valentina sort of bombs the season~~ (edit Dec 8)
- Valentina doesn't bomb, but is perceived that way by a few of the queens (everything from here down, Dec 8)
- In the work room, Gia Gunn allegedly thanks rupaul for letting her be the first openly trans woman to compete, and rupaul responds with something along the lines of "I've been letting your kind on for years" [not aired but Gia confirms a conversation of some kind occurred on Race Chaser]
- Gia Gunn goes home in really cool boots (Shoe/boot inspired runway?)
- Jasmine was called in last minute to All Stars 4
- Gia Gunn does not quit
- Cat inspired runway?
- Plastic runway (confirmed by source)
- Queens brought red looks, uncertain whether they used them or not
- Comeback-esque style challenge is episode 4 (Dec 17) [based on <https://youtu.be/kotXGigN5WU?t=38>]
- Ep7: (here down Jan 18 and from a new source)
 - Contestants must design a club night [seen in preview before this post] like where RuPaul came from as far as drag [referenced in the backstory but not directly in the brief]
 - Teams:
 - Naomi and Valentina
 - Monét and Monique
 - Trinity, Latrice and Manila
 - Runway: Plastic
 - Winners: Trinity and Latrice
 - Bottoms: Naomi and Valentina
 - Latrice wins the lipsync and Valentina is eliminated
- Ep8: (here down Jan 20)
 - Best Judy makeover (no drag queens, just best friends)
 - Theme is Judy Garland / "my good Judy"
 - Monét, Monique, Latrice and Naomi get their best friends
 - Manila and Trinity get their significant others

- Bottoms: Latrice
- Naomi wins the lipsync and Manila is eliminated
- Ep9:
 - *Sex and the Kitty* acting challenge, contestants parody Sex and the City
 - Runway is *Cats on the Runway*
 - Top 2: Monique, Trinity
 - Bottom: Latrice, Naomi, Monét
 - Trinity wins the lipsync and Latrice goes home

u/sweazeycool - (circa July 26)

- Valentina, Latrice, and Manila do well
- Valentina and Manila are HUGE bitches with HUGE egos [this may be behind the scenes?]
- Monique and Monét are definitely on
- Gia is an early out

u/ny4fifth - (mid-July through to present)

- December premiere
- No reunion
- Promo T:
 - Promo is not black and white themed
 - "winter themed"? - not it [noted that queens weren't briefed on 'winter' - "If they used ice that had nothing to do with what the queens were asked to prepare"]
 - "galaxy"? - closer
 - "changing colors"? - closer than "chrome", not silver or white
 - "iridescence"? - :)
- Challenges T:
 - The first episode is the talent/variety show
 - Makeover challenge is best friends makeover ("Good Judy"), not top 5 challenge
 - No Legacy Ball
 - Episode 2 music challenge, possibly a pop girl group (Dec 3)
 - Funeral challenge (Dec 3)
 - Superhero challenge (Dec 3)
 - Episode 10 counts for judging (Jan 28)
- Elimination T:
 - Farrah is an early out, possible first out
 - Valentina doesn't eliminate Manila
 - Val isn't first or second out, or top 5
 - Manila does well throughout the season but she's eliminated by Naomi at Top 6
 - Top 5 is Latrice, Monét, Monique, Naomi and Trinity
 - Monique does not win the makeover challenge
 - and she is not top 2
 - Not all the top 4 performed equally throughout
 - ~~Naomi can still win~~ (edit Nov 24)
 - Top 2 is Trinity and Monét (Nov 24)
 - Another twist will happen (early Dec)
 - e.g. [lipsyncs] "for your legacy" but the remaining episodes could be "for your life."

- Trinity does not win the makeover
- Monique or Monét win alongside Naomi the same week Manila goes (Dec 25)
- No jury like AS3
- Valentina isn't top 2 or bottom 2 next episode [Ep4]
- Monique isn't robbed. She doesn't perform as well throughout the entire season as the final 2 queens (Jan 28)
- There's set of automatic bottom placements in Ep9
- [implied that Monét would also have Manila's lipstick] Proven in the preview:
<https://i.redd.it/wzO4q1xa33e21.jpg>
- Runways T:
 - No pink runway
 - No RuDemption runway
 - No Marie Antoinette runway
 - First runway in Ep 2, is Evening Gown
 - Plastic runway
 - Angelic White runway Ep5
 - Boots runway
 - Kitty runway (Nov 25)
 - Curves and swerves (Nov 25 and Dec 23) [[verified by insta preview](#)]

u/TheLegLampsShoe - (Dec 23)

- Ep4 runway: called "padded for the Gods" in the brief [[verified by insta preview](#)]

[deleted their account after these posts]

- Top two: Trinity with a tucking tutorial song and Monique performing Brown Cow Stunning
- Lipsync winner: Trinity
- Lipsync song: Mariah Carey Emotions
- Farrah and Jasmine in the bottom, byebye Jasmine!
- Safe girls were Gia, Valentina, Manilla and Latrice
- It's a variety show challenge performing for LGBTQ troops and veterans
- guest judge: Jenifer Lewis, the "mother of Black Hollywood"
- [Monét] started off singing live and... well, she shouldn't have. Her lipstick is great at least
- [Jush] thinks she can win it and do standup with no prep. Even when the panel have critiqued her, she has no idea what went wrong and thinks she must've been funny.
 - She says "I still love you, sis" to Trinity and gives her a hug when she goes, doesn't seem bitter on screen at least
- Valentina did lipsync-and-dance. She came out with a little mask at first, gave full Shakira realness after that
- Manila did... that thing where you paint a bunch of random shapes to classical music and then at the end you turn the painting upside down and surprise it's a picture? That with a vase of flowers. And a dress change.
- Farrah did burlesque, she slipped on some discarded clothes.
 - [Judges] said she was really nervous
- Naomi was high. And fashion

- Naomi's talent show had a nice unexpected twist that turned it from something we've all seen before to something great, got really good praise for it.
- She's got this big ol frizzy white wig on and at the end she lifts the top of it off and she's bald underneath but with the bottom half of the wig on like an old balding dude
- Gia - kabuki
- Trinity's tucking tutorial song was very funny
- reading challenge winner was Latrice Royale. She had a good doublestinger in there
 - Gia's was oof
 - Farrah's was big oof
- Dramawise, Farrah vs Valentina (even though they claim to be SUCH GOOD FRIENDS NOW)
 - and Gia vs The World (but mainly Trinity and Farrah). Gia is shadyyyy
- No message from Ru for Jasmine in the werkroom after elimination
- "next time on" Ru says "I'm holding auditions for my new supergroup called "Henny" featuring Stacey Lane Matthews"
 - Valentina sings weirdly in Spanish then hits a megahigh note
 - The Brown Cow and Farrah bicker about choreography
 - Gia and Farrah bicker over... bickering?

u/RuPaulVisageFan - (Dec 29)

[Episode 4]

- Top 2: Manila and Monique
- High: Trinity
- Safe: Valentina
- Low: Naomi; she doesn't do well
- Bottom 2: Monét and Latrice
- Monique wins and sends Latrice home
- Monét cries in untucked begging for Monique to win the lipsync

u/runawayxlover - (Jan 2)

- Ep5: funeral challenge where the girls have to do a funeral service for Lady Bunny
- Monet probably has two bottoms and the latter one is by default
- At the end of 5th episode all eliminated queens return (Jan 5)

The Journalist - ([posted approx Dec 3](#))

- Jasmine Masters is eliminated first
- Farrah Moan second
- Gia Gunn after that
- Latrice Royale is eliminated in episode 4
- Then there's a comeback episode where the eliminated queens lip sync against current queens (a full episode of lip syncs)
 - Farrah, Gia, Jasmine are re-eliminated
 - and Latrice and Monique are saved
 - Latrice returns

- Valentina gets eliminated **ep 6**
- Manila is eliminated during the makeover challenge
- Naomi Smalls is top 4
- Monique Heart gets **cut at 3rd**
- The Top Two are Trinity The Tuck and Monét X Change

u/FinaleSpoiler - ([Jan 11](#))

Ep5:

- Monét, Manila, and Monique do well in the roast challenge
 - Trinity, Naomi, and Valentina all pretty equally bomb
 - Monét and Manila are the winners
 - all 4 other girls are in the bottom and up for elimination
 - Lip sync song is Aretha Franklin "Jump to it".
 - They both do really well, lots of intricate lip/mouth movements during the lip sync which are really funny and they're both playing off each other and having fun with the song.
 - Ru says they are both winners and they split the \$10,000.
 - Ru announces that all star rules are suspended until further notice
 - and no one is going home
- [preview at the end of the episode?]
- They get back to the work room and find a lipstick note on the mirror from Ru telling them to get ready to lip sync for their life, life, life, life
 - They turn around and the 4 eliminated girls are then standing behind them
 - returning girls talking with the remaining girls in the workroom out of drag.
 - Farrah asked Valentina if she truly thought that Farrah deserved to go home when she did and Valentina said yes.
 - It also looked like they showed the 4 returning girls lining up to choose lipsticks

Ep6:

- Jasmine and Trinity do Peanut Butter
- Farrah and Valentina do Kitty Girl
- Gia and Naomi do Adrenaline
- Latrice and Monique do Sissy That Walk
- Technically there is a runway before the lipsyncs start, but they have the same outfits for runway and lip sync, so there's only 1 look for each queen. Although some have a "reveal" I guess during their lip sync. Best comment from Michelle on the runway is "I guess no reveal is the new reveal"
- [Latrice vs Monique?] Double shantay. The choice was Ru's, it wasn't up to Latrice.
- Valentina wins, Farrah goes home.
- Monique and Latrice both lose a wig, but twist, they both pull a Roxxy and have another wig underneath.
- Monet and Manila hang out in the back on the right because they are immune and safe and just enjoy the show.
- [Next ep preview] a take on Top Chef restaurant wars where they are in teams and have to design, build, and then host a club space.

The obvious fakers:

/u/stbbb - (July 29 to Aug 15)

- Top Four: Manila, Monét, Valentina, Naomi
- They filmed the crowning three times.
- The eliminated queens were all on set for the finale except for Jasmine.
- Each queen in the top four won three challenges.
- Valentina was a winner in the last three challenges.
- The first half of the season was dominated by Monét and Manila.
- Manila had been eliminated on the fifth challenge by Valentina. “Manila really bombed on the challenge while Trinity and Monét were only okay, and Monét at least was also doing very well before that challenge, so the queens didn't think sending Manila home was messy on Valentina's part. Fans will probably see it very differently.”
- Manila is brought back on the sixth challenge.
- The sixth challenge is the comeback challenge, called the “Hater’s Ball” where “Basic idea was that the remaining queens threw a ball while the returning queens paired up with them and roasted their ball looks, maybe also had looks of their own”.
- The winning queens were Valentina and Naomi. They both chose a queen to lip sync for their lives to return, Valentina picking Monique and Naomi picking Manila.
- Manila wins the lip sync for your life to return, and eliminates Trinity Taylor.
- Seventh Challenge is a makeover where they are paired with their friends from home. Latrice is eliminated.
- Gia Gunn was comically bad at the comeback challenge.
- Monét X Change wins every LSFYL she participates in.
- Trinity and Monét win snatch game but Monét dominates it

/u/drag_teathrowaway

- Top 4 is Manila, Valentina, Naomi, Monét.
- Valentina has a Trixie-esque run, getting an early bottom 2 placement and then going on to win 2 challenges.
- Snatch Game is at Top 8 this year. Bottom 2 is Latrice and Trinity. Top 2 is Monique and Monét.
- Monique has a very peculiar run in this season - nabs 1 win, but spends the rest of her time in the bottom. She gets eliminated at the lip sync extravaganza, which is top 7 this year. She gets the worst role out of all the queens in the bunch and her bottom placement seems questionable.

- There's a ball and a makeover this year. The ball is the returning queens episode, where queens work in pairs. Top 2 eliminated queens in the ball are Monique and Trinity, with Trinity being the returning queen. The makeover is the week after and Trinity is sent home again.
 - Top 6 episode is a group acting challenge. The writing has not improved that much from Dragsmaids or Breastworld. Top 2 queens are Monét and Valentina.
-

u/allstars4spoilerssss - (Oct 31) [clock the date, the correct items were already published here in the checker]

- Monét and Naomi are top 2 in episode 5,
 - both win and both choose Valentina,
 - Ru saves her [Val] after this.
- Both Naomi and Monét were top 2 material
 - but because of Willam leaking the tea and being called out for rigging, WOW is even more rigga morris and they don't make top 2.
- Latrice and Farrah are the top 2 eliminated girls in episode 6 and they lipsync to return,
 - Latrice wins but refuses to eliminate Monique who eliminated her in Episode 4
 - eliminates Valentina instead.
- Valentina starts the season off good and slowly starts performing bad,
 - ending up in the bottom 3 times.
 - She only wins 1 challenge.
- Farrah doesn't make far at all.
 - She performs extremely poorly, goes home episode 2 and is in the bttm in both episodes.
 - Gets eliminated by Valentina whom she had a lot of drama with in episodes 1 and 2 and 6.
- Manila performs extremely well this season,
 - snatching 2 challenge wins (Snatch Game and a acting challenge),
 - also is high in 3 episodes, doesn't end up anywhere near the bottom until episode 7,
 - gets eliminated by Naomi because of being seen as a threat.
- Trinity is one of the queens who dominate the first half of the season
 - with 2 challenge wins and 1 lipsync win,
 - ends up being in the bttm 3 times in the 2nd half.
- Monét doesn't do as great in the lipsyncs as she did in S10,
 - but ends up snatching 3 challenge wins with only 1 bottom.
 - Makes top 3/4.
- Monique has the same track record as Shangela but with a extra safe due to there being more episodes.
 - Is also the narrator of this season.
- Gia performs well in the first 2 episodes
 - quits in the 3rd episode due to transphobia on set.
 - Had to be legally convinced to participate in the comeback.
- Naomi ends up having the same track record as she did in Season 8
 - but her runway looks are better and she performs a bit better in the acting challenges.
 - Makes top 3/4.
- Latrice gets sent home in Episode 4 by Monique over Monét.
 - Returns in Episode 6,

- is high the episode after
 - and goes home again in episode 8.
 - Doesn't make top 4.
 - Jasmine gets sent home first sadly
 - and doesn't have a massive amount of screentime in the episode.
 - A Monique vs Monét lipsync happens in Episode 8.
 - The makeover people this season are popular female youtubers since WOW wants more viewers.
 - Trinity and Monique are chosen to be the top 2 by Rupaul.
 - Jury vote was meant to happen again but Ru wasn't happy with the result of it.
 - There are 9 competition episodes this season + a reunion (most likely).

u/k1dr4uhl - (Dec 8)

- right off the bat Gia is annoyed with Monét's and Monique's jokes
- Latrice and Manila both enter the workroom at the same time but at different doors and no one seemed surprised

- Lipsync for Your Legacy continues
- Trinity is the winner of the reading challenge
 - Gia's confessionals were the best thing ever because she seemed annoyed at every single word that comes out of Trinity's mouth

 - Manila Luzon as is eliminated as Eartha Kitt
 - Monet X Change wins as Patricia Routledge
 - and Trinity Taylor wins as Dolly Parton
- Episode 5 is the Love Ball
 - one brought from home sexy lingerie look and an outfit that says love
 - Monique has a very literal heart outfit that gets her eliminated
 - At least one of the winners is Valentina
- Episode 6 is where eliminated contestants return and the talent show occurs here
 - queen who passes high enough audience meter gets to return
 - lowest contestant of the top queens is eliminated
 - it flops since the meter basically works out that the top five are the top five and nobody returns
 - Gia Gunn does a kabuki number that definitely should have gotten her through

- Drama between Trinity Taylor and Farrah Moan and Manila Luzon as Trinity is frustrated that there are more deserving queens of a second chance.
- Plastic Fantastic runway
 - and a flapper girl one
- Kylie lip sync - I Should Be So Lucky
