

New Dawn Stats - Death Tracker (S20)

Because reddit posts only allow a certain number of characters, I decided I wanted to move the Death Tracker section onto a separate doc. Hopefully people don't mind this, as it'll free up the stats post a LOT. This doc will list deaths season by season. I might add individual player stats down the road a tad! Enjoy and comment any errors on the reddit post!

New Dawn S1 - FFA Vanilla

currykitchen was shot by **Skeleton**
BJPlays was blown up by **Creeper**
Bandias12 tried to swim in lava to escape **Skeleton**
Jordtim was shot by **Skeleton**
WaXmAn24 was slain by **OmegaMatt_**
