

SL: Practise Paradise - (Name of his course)

Hey, Chad.

I have 3 solid ideas, all of which I have seen used by top performers in this space, on how we can get people excited for your course and driven to your sales page.

These ideas consist of showing your audience how you understand their problems, giving your audience a peek inside your course, and improving the customer language to engage with emotions, all on your homepage.

I can design a homepage purely on my end, note that you don't have to use this page, you can simply use it for a different perspective of your current website.

I am free for a quick chat over the next 3 days to discuss this.

Kind Regards,

Sam Farwell
