### Requirements and Policies

- Any NSFW must be commissioned by someone 18+! NO exceptions.
- I have the right to refuse a commission if I am not comfortable with taking it.
- Be as detailed as possible with everything. Pose, scenery, lighting. The more I know the better!
- Keep reference sheets as simplistic as possible. Shaded/complex refs means I might miss out on details or color incorrectly!
- Do not steal someone else's character(s) or use anything without permission. If I catch you doing this you will be on a blacklist.
- I accept artistic liberty commissions.
- I can keep finished commissions private for no extra fee.
- I have a right to reproduce and sell any created pieces. If a piece is printed for sale, all copyright information, commissioner's name, character, and social media will be included.
- There are generally no deadlines for commissions however I can do rushed commissions at a higher fee.
- Internal shots for a piece are always 25% extra of what the base commission price is. (E.G: An internal for complex is \$50 extra)

### Don't:

- Claim work I have done is yours.
- Sell any work I have finished for you unless granted permission and including all legal information including my watermark, signature, and social media.
- Reproduce any of my work on anything unless allowed to do so.
- Use any of my work for AI.

### Payment Info

- Payments must be made through paypal at [rekiamaterasu@gmail.com](mailto:rekiamaterasu@gmail.com) before I start any commission and must be in the full amount. I will not accept partial payments over time unless there are multiple payments for a piece from different people.
- Payments will only be refunded at half the cost after the sketch phase.

### Canvas

- (13 x 19in) or (19 x 13in), 300 dpi, is the resolution I work in for rendered artwork. This is for physical print purposes, and for consistency, however I can work on a larger size if asked.
- (512 x 512px) is for stickers
- (112 x 112px), (56 x 56px), (28 x 28px) for Twitch emotes
- (800 x 1200px) for headshots
