

## Admission of Lost Documents

I am filing this petition because I have suffered losses through no fault of my own, some of these losses are irreplaceable and include lost Rank Certificates and the documents that accompanied them. I have given the *American Federation of Jujutsu* all information that I possibly could, and have not withheld any relevant facts or information. I have not misrepresented myself in the interviews of correspondence with the representatives of the AFJ.

I am asking the *American Federation of Jujutsu*, in this formal petition to consider reasonable recognition of the Rank(s) discussed. I hope you will help me to resolve this dilemma which has caused me unwanted hardship upon various occasions.

Thank you for considering this request.
