

Who is coming to see us?

A special visitor is delivering some caterpillars for us to look after. Eventually, they will turn into butterflies and we will release them.

This is a new experience for our class. That is **OK**. Trying new things is fun.

We will sit nicely on the carpet and look and listen to what our teachers have to say.

We will be quiet so that we can hear them.

If we want to, we can help look after the caterpillars and butterflies. We will be kind and gentle. It is **OK** if I do not want to look after them. We can tell an adult if we would prefer to just look at them.
