

MEET YOUR TEACHER

# Mrs. Fulton

Math, Benjamin Franklin High School

Email: [jfulton@bfcsaz.com](mailto:jfulton@bfcsaz.com)

## Educational Background

- BS in Accounting

## Favorite Quote

“Our culture has accepted two huge lies. The first is that if you disagree with someone’s lifestyle, you must fear or hate them. The second is that to love someone means you agree with everything they believe or do. Both are nonsense. You don’t have to compromise convictions to be compassionate.”

— Rick Warren

## Welcome!

I will be teaching 8th grade math and Algebra 1 this year. I absolutely love math and love watching students make connections and see their understanding grow as they continue to learn and practice. I have been married for 24 years and have 2 children. We love traveling together and hiking and exploring. We also love movies and playing games together.

## Educational Philosophy

I believe in using core values and principles as a foundation for growth and development. I enjoy both providing high quality standards and instruction while encouraging students to use critical thinking skills and problem solving skills to come to conclusions on their own based on practice, reasoning and collaborative activities.

## BFHS History and Purpose

This is my fifth year teaching at Benjamin Franklin. I came here because of the tradition and the values and the patriotism that this school teaches and demonstrates.

## What I’m Looking Forward to...

I am always looking forward to meeting my new students and learning with them!
