YOU ABSOLUTELY MUST BE 18 OR OLDER TO COMMISSION NSFW ART FROM ME. Thank you :3

DISCLAIMER: Just because something is not listed here doesn't automatically mean I will or won't do it. If you have questions about what I'm ok with doing, *just ask!* I am open for negotiation as well, though if something is out of my comfort zone *I may charge extra*, just as an FYI. **I do maintain the right to deny any commission request, however.**

DISCLAIMER Pt 2: All final prices will be rounded to the nearest half-dollar for simplicity. So, say the total comes out to be \$21.35, it'll get rounded up to \$21.50, etc etc. If there's a slight discrepancy in the math, this is why.

DISCLAIMER Pt 3: If the money is sent via Paypal, I will be tacking on an extra fee anywhere from \$0.50 to \$2 depending on the price of the commission to account for Paypal's fees. Please keep this in mind when figuring out your budget.

The Process: After the details of the comm are all set and hammered out, I will make a rough sketch to be sure that I have the right idea down. After that, *no further progress will be shown until payment is made in full.*

After payment, I will show off the cleaned sketch for approval. At this stage, you can make any number of small edits you like, *but any major edits will result in extra charges.*

PLEASE BE AWARE, once the inking process starts, I can make no further edits, *so make sure the piece is to your liking before I ink the sketch.*

Once the piece is completed, I'll ask for your permission to post it on social media. You can ask to remain anonymous, if you'd like, otherwise I'll be @ing whatever social media of your choice. You can also ask that I do not post it.

Payment is via *Paypal* or *Cashapp* (USD only)

NOTE: Please please PLEASE do not just send me a friend request or a message just saying "Hi" or something similar. I will not respond. Please specify that you're interested in my commissions. Thank you <3
